FROM: Thomas Benson, Director
Environmental, Resources & Regulatory Services Division

RE: Snowmobile Review – Phase I

Please find attached the final summaries for the Snowmobile Club's Physical Inventory of Snowmobile Groomers, as well as the Department Physical Inventory of Snowmobile Funded Tractors/Groomers. These two summaries complete Phase I of the Snowmobile Review.

There are two remaining phases of the review to be completed. In Phase II, we will review the snowmobile and permit revenue process. In Phase III, we will follow-up on the status of prior audit recommendations.

We would like to thank all of the snowmobile clubs as well as the Forest, Mineral, and Fire Management Division program staff for their cooperation in completing our work.

If you have any questions, please feel free to contact Tomia Stevens, Audit Manager, at 517-335-2149.
