

Many different wild animals live in Michigan. Just like people, these animals need homes. That's why it's important that we take care of forests, fields, waters and other places animals live.

## Where does Michigan wildlife live?

Draw a line from each animal to its home.

To learn more about Michigan's wild animals, their homes, and how you can see them up close by getting out and exploring nature, visit [Michigan.gov/DNR](http://Michigan.gov/DNR).

Answers- Bird=Tree, Fish=Lake, Turtle=Wetland, Butterfly=Meadow, Deer=Forest
