

STOP THE INVASIVES

State Park Explorer Program
Baraga State Park

Invasive Species Education Week: August 3 – 9

All Programs meet at the Pavilion.

Wednesday, August 5th

1pm: A Very Buggy Craft

Discover what it is like to be an Asian-Long horned Beetle through this fun craft and activity for our Local GE group! Please feel free to join in on the fun!

3pm: Zebras in the U.P.

Are there Zebras in the U.P? No, but there are Zebra Mussels. Check out this discussion and find out what these little guys do to our environment!

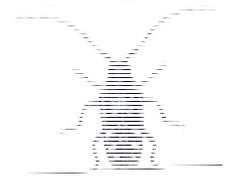

Thursday, August 6th

1pm: Monsters of Lake Superior

Do you like monsters? Come check out some myths and facts about monsters roaming Lake Superior.

3pm: Asian Long-horned Beetle Craft

Missed out on making an Asian Long Horned Beetle? No worries! Stop on by to make a beetle and discover this bug's life style!

Friday, August 7th

1pm: Stop the Invaders!

Did you see any invasive species on your way to the park? Let's discover the world of invasive plants through discussion and games!

Saturday, August 8th

6pm: Flower Power

What's the difference between native and nonnative plants? Find out today while planting a plant you can keep!
