

# Birder's Choice Board

Choose any 3 activities

Write a detailed description of a bird as if you had never seen one before.

Photograph five different birds in your neighborhood using a cellphone or camera.

Build a nest using materials from nature.

Write a nature journal entry from the viewpoint of a bird.

Create a video about a day in the life of a bird. Share it with your class or your family.

Using a chicken egg from home, design an experiment to test the strength of eggshells

Choose your favorite bird from your yard or a book and write a poem or song about it.

Make a scientific drawing of a bird and label all the major body parts.

Draw plans to design a bird feeding station for your yard.
