

Threatened & Endangered Species Week

Muskegon State Park

Wednesday August 6

Eagle Exploration, 11:00 AM @ the far right parking lot of Snug Harbor.

The Eagle is considered one of the Endangered Species Act's success stories! Once endangered, the Eagle and its nest can be seen at Muskegon State Park.

Thursday August 7

Discovering Lost Lake, 2:00 PM @ Snug Harbor boat launch

Join the Explorer Guide on an exploration of a Muskegon State Park jewel – Lost Lake – and discover the unique plant and animal species present, some of which are threatened and endangered.

Saturday August 8

Whooo Could it be Now?, 1:00 PM @ Lake Michigan Campground beach stairs.

Learn about the life of an owl and dissect owl pellets for clues about their diet. Several species of Owl are threatened or endangered in Michigan.
