

STOP THE INVASIVES

State Park Explorer Program
Tawas Point State Park

Invasive Species Education Week: August 3 – 9

Wednesday, August 5th

11am: Invasive Species Intro

Stop by the beach pavilion and Lauren will go over the Invasive Species basics. What is an invasive species? Why are they bad? What can you do to help stop the spread of invasive species?

Meet at the beach pavilion

2:30pm: Invasive Bugs!

Learn about the Emerald Ash Borer, the Asian Long Horned beetle and others.

Meet at the lighthouse

Thursday, August 6th

11am: Aliens in the Lake!

What Type of creatures are lurking beneath our waters? Find out and play “It’s a Ruffe life” to win a prize!

Meet at the lighthouse

2:30pm: Knapweed Showdown

Have you spotted those pretty purple flowers all around the park? They are knapweed and they are an invasive species! Learn about spotted knapweed and help Lauren “Pull” some and win a prize!

Meet at the lighthouse
