

# **STOP THE INVASIVES**

State Park Explorer Program  
Wells State Park

## **Invasive Species Education Week: August 3 – 9**

### **Tuesday, August 4<sup>th</sup>**

#### **10am: What's that white stuff on the bats' noses?**

Come to discuss this invasion to the bats. We'll make a craft.

**Meet behind the camp host site**

### **Wednesday, August 5<sup>th</sup>**

#### **10am: Discovering Phragmites**

Another invasive species in our world. We'll talk how Wells was able to overcome this pest.

**Meet behind the camp host site**

#### **1pm: Invasive Bingo**

Come play Bingo using invasive things in the park.

**Meet behind the camp host site**

### **Thursday, August 6<sup>th</sup>**

#### **10am: Emerald Ash Borer, the enemy of the Ash**

Join us to find out what this invasive bug can do to Ash trees. We'll also do a craft.

**Meet behind the camp host site**

#### **2pm: Tree Identification**

We'll gather our paper and crayons to do a leaf image on paper. We'll gather different kinds of leaves and make a little booklet.
