

Keep your local park a *cool* place to be!

Beginning October 1, Michigan's \$10 Recreation Passport will help fund improvements for local recreation like splash parks, playgrounds and more, and replaces the State Park sticker.

Get your Recreation Passport to help improve recreation opportunities in your own backyard and preserve state parks and recreation areas, state forest campgrounds and trails, historic and cultural resources in state parks. Check "YES" when you renew your license plate.

Where can \$10 take you?
