SUBJECT: State of Michigan 1122 Program

About the State of Michigan 1122 Program

State and local law enforcement agencies whose missions are to support counter-drug, emergency response, and homeland security activities may purchase equipment through specific federal sources. The 1122 program affords state and local governments the opportunity to take advantage of discounts available to the federal government commensurate with large volume purchases.

The Governor has designated a State Point of Contact (SPOC) to administer the program. The SPOC facilitates the purchase of the equipment and supplies for eligible agencies.

How to Determine Eligibility

To be considered eligible, interested agencies must complete and return the applicable 1122 Procurement Form found at <https://Michigan.gov/MiDEAL> in the Law Enforcement section.

Once received, the SPOC will determine agency eligibility for access to equipment under the program. The SPOC will notify the requesting agency in writing when the request is approved.

Questions About the Program

Please review the 1122 Q's and A's document found on the website above to learn more about the program *prior* to submitting a Procurement Form.

Contact the SPOC via email at hayesg2@michigan.gov or 1122Program@michigan.gov or call 517-230-2817 if you need further information.
