EXECUTIVE SUMMARY

The Department of Technology, Management and Budget, in accordance with Section 221 of Public Act 207 of 2018, has prepared this Policy Changes to Implement 2019 Public Acts report. The Act states:

“Sec. 221. Each department and agency shall report no later than April 1 on each specific policy change made to implement a public act affecting the department that took effect during the prior calendar year to the senate and house of representatives standing committees on appropriations subcommittees on general government, the joint committee on administrative rules, and the senate and house fiscal agencies.”

With the exception of appropriations bills, one act impacted department activities that became law in calendar year 2019. Following enactment, the Department made policy changes or took other actions to implement those acts where necessary. The following chart lists the changes made to implement each act as of March 31, 2020.
