

State of Michigan Standard End-User Software
As of 8/1/2019

State of Michigan (SOM) End User Standards Committee (EUSC) defines “Standard End-User Software” as software that can be deployed to an end-user device without the need of EUSC approval.

The following resources allow you to search for approved Standard End-User Software. If, you do not find the software needed, contact your DTMB Agency Services Representative (DTMB Client Specialist or Delegate) to confirm if an EUSC end-user exception (SXR) or an Enterprise Architecture Solution Assessment (EASA) approval is required.

Software Center Application

Standard software can be found in the Software Center Application located on your PC.

SIGMA SHOP Page

Additional standard software for purchase can be found in SIGMA's SHOP Page.

End-User Soft Standard Software

End-User Soft Standard Software is software that is not listed in the State of Michigan Software Center Application nor in SIGMA's SHOP Page but may be used without EUSC or EA approval for all Agencies or DTMB only. See below for a listing of available End-User Soft Standard Software:

End-User Soft Standard Software
