MICHIGAN DEPARTMENT OF
ENVIRONMENT, GREAT LAKES, AND ENERGY

Legislative Report

BALLAST WATER MANAGEMENT PRACTICES

Report Period:
2020

Authority:
MCL 324.3103a(4)

Section 3103a of Part 31, Water Resources Protection, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, established the Michigan Ballast Water Management Practices Program. The program requires the development of a list of vessels complying with existing ballast water management practices. This requirement is independent of the 2005 statute requiring oceangoing vessels to obtain a permit to engage in port operations. The legislation also requires the Department of Environment, Great Lakes, and Energy to annually submit a list of complying vessels to the Governor and standing committees of the Legislature with jurisdiction primarily over issues pertaining to natural resources and the environment. The list is below and is also updated as needed on the Ballast Water Program's Web page at: www.Michigan.gov/BallastWaterProgram.

**List of Oceangoing Vessels Complying with
Ballast Water Management Practices Reporting in 2020**
