

Air Quality Guidance During Covid-19

In accordance with Governor Gretchen Whitmer and the Michigan Department of Health and Human Services' [recommendations designed to help slow the spread of Coronavirus Disease 2019 \(COVID-19\)](#), the Michigan Department of Environment, Great Lakes, and Energy (EGLE) is working remotely. The state is taking proactive steps to mitigate the spread of COVID-19 in Michigan. We appreciate your understanding and cooperation in reducing the coronavirus risk to Michigan residents.

As of March 20, 2020, our central and district offices have temporarily closed and have increasingly limited ability to receive deliveries, mail, etc. In an effort to help the regulated community comply with its requirements, EGLE, Air Quality Division (AQD) has temporarily updated some of its procedures for ease in getting information to us.
