Dear Mr. Maloy:

SUBJECT: Corrective Measures Study Investigation Report; Petro-Chem Processing Group of Nortru, LLC, Detroit, Michigan; MID 980 615 298

The Michigan Department of Environmental Quality (MDEQ), Office of Waste Management and Radiological Protection (OWMRP), has received the Corrective Measures Study Investigation Report dated May 13, 2016 (Report). The OWMRP reviewed the Report for compliance with the hazardous waste management facility operating license (License) effective December 18, 2012, and Part 111, Hazardous Waste Management, of the Michigan Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

Based on this review, the Report is approved. With completion of the additional investigation, a Corrective Measures Study (CMS) covering potential remedial options and proposing a course of action must be submitted as required by Condition VI.G of the License. This CMS must be submitted within 60 days of receipt of this letter per Condition VI.K of the License.

Should you have any questions, please contact David Slayton via e-mail at [slaytond@michigan.gov](mailto:slaytond@michigan.gov); telephone at 517-284-6571; or MDEQ, OWMRP, P.O. Box 30241, Lansing, Michigan 48909-7741.

Sincerely,

Allan B. Taylor, Chief  
Hazardous Waste Section  
Office of Waste Management and  
Radiological Protection
