## Industrial Stormwater Program Stormwater Pollution Prevention Plan (SWPPP) Annual Review Report Form

## Instructions

**Facility Information** 

The intent of this compliance assistance document is to provide a SWPPP Annual Review Report Form that permittees can use to meet the conditions of the National Pollutant Discharge Elimination System (NPDES) Wastewater Discharge General Permit for Stormwater Discharges or NPDES Individual Permits. Facilities operating under a permit that authorizes the discharge of industrial stormwater issued after April 1, 2021, will no longer need to submit a SWPPP Annual Review Report via MiEnviro. However, these facilities must still complete a SWPPP Annual Review Report and retain a copy (written or electronic) with the stormwater program, records on-site for 3 years. This document and other compliance assistance documents can be found at EGLE's Industrial Stormwater webpage.
