

Public Notice Search/Comment

To search for a Public Notice in MiWaters you do not need a MiWaters account. Go to the MiWaters home screen and click the Public Notice Search box.

Here you can view all current public notices, or search for a specific one by clicking on the down pointing triangle.

If you would like to comment on a public notice click the “view/submit comment” button to the right of the public notice. Here you can find out the detail, view the documents and submit a comment by clicking “add comment”.
