

## **State Energy Program Planning Request-for-Information**

### **Questions and Answers**

Issue Date: April 14, 2017

**1. Are RFI responses due by April 7, 2017?**

The MEO will continue to accept year-round program ideas.

**2. You do not provide guidelines on the proposal, such as the budget requirements. Where do I provide this information and what are the guidelines?**

We are not requesting full proposals with detailed budgets, workplans, and other information. We seek program and project ideas to help formulate the Michigan Energy Office State Energy Program Plan for the next two years. Please provide general descriptions of the programs, projects, or funding mechanisms you would like to see the Michigan Energy Office support or offer in the next couple of years.
