

**Summary of
Michigan Department of Environmental Quality Actions
In Response to the
United States Environmental Protection Agency
Emergency Administrative Order
Updated: 4/15/2019**

EXECUTIVE SUMMARY:

The United States Environmental Protection Agency (USEPA) Emergency Administrative Order contains 15 overall items to be addressed by the Michigan Department of Environmental Quality (MDEQ). This update includes status only on items for which progress was made in the last week. It is anticipated that the next update to this summary will be provided on Monday, April 22, 2019.

Other Documents:

- On 4/11/2019, the MDEQ announced the Water Infrastructure Improvements for the Nation (WIIN) loan assistance for the city of Flint for \$77.7 million at a zero percent interest rate with 100 percent principal loan forgiveness. The loan will fund the completion of a secondary water source pipeline, Dort Street and Cedar Street Reservoir and Pump Station improvements, construction of a chemical feed building, replacement of the Northwest transmission main, water main and water meter replacement, water quality monitoring panels, and contingency service line replacement funding. These projects will enhance the water distribution system by ensuring long-term compliance and protection of public health.
