

**Summary of
Michigan Department of Environment, Great Lakes, and Energy
Actions in Response to the
United States Environmental Protection Agency
Emergency Administrative Order
Updated: 10/07/19**

EXECUTIVE SUMMARY:

The United States Environmental Protection Agency (USEPA) Emergency Administrative Order contains 15 overall items to be addressed by the Michigan Department of Environment, Great Lakes, and Energy (EGLE). This update includes status only on items for which progress was made in the last week. It is anticipated that the next update to this summary will be provided on Monday, October 14, 2019.

Paragraph 53 B:

- News release announcing the city of Flint's 90th percentile calculation was issued on October 2. For the third straight year, the testing shows the water system is meeting state and federal standards. The monitoring period for January 1 to June 30, 2019, showed the lead value at 6 parts per billion (ppb).
