

How to Effectively Interpret Information Found on a Driving Record

.....October 2018

The Master Driving Record

The Master Driving Record (MDR) file established by Michigan law contains information for individuals licensed in Michigan, unlicensed drivers, and out-of-state licensed drivers convicted of traffic violations in Michigan. The MDR is compiled of information submitted by the Secretary of State branch offices, internal units, courts, police agencies, other states, and the Department of Community Health.

The MDR has two components: the **driver license header** and the **driving history**.

The **driver license header** appears first on the MDR and contains an individual's driver license number, full name, date of birth, address, eye color, height, weight, sex, and most recent application information. It may also contain special restrictions, aliases, previous names, endorsements, and a mailing address.

The **driving history** appears below the header and includes convictions for traffic violations, Failure to Appear in Court (FAC) and Failure to Comply with Judgment (FCJ) suspensions, accidents, and licensing actions such as mandatory suspensions, revocations, denials, and restrictions of driving privileges.

The type of information displayed in the driver license header and driving history depends on the type of inquiry used to obtain a driver's information.

There are 3 types of driving records available for purchase:

- **Certified Complete Record** – This is the most complete record a customer can purchase, often purchased by the customer at the request of an attorney for a court appearance or for an administrative hearing.
- **Certified Edited Record** – This is usually purchased by customers who need to provide a record for an employer.
- **Certified CDL Edited Record** – This is purchased by customers who need to provide an employer with proof they've complied with federal Commercial Driver License requirements. See Appendix D for additional information.

Key to Sample Driving Record

- ① This line shows the source (“SOS” for Secretary of State), date, time, and IP address for the computer that generated the driving record.
- ② BOS/BAM message – Some mainframe records are “owned” by BOS/Legacy. Transactions for these records can only be processed using the BOS program.
- ③ The customer’s driver license number is shown. The full name and residence address are below. The mailing address, if present, is shown below the residence address.
- ④ This line shows the customer’s date of birth, sex, height, weight, and eye color on the first line. IMAGE indicates the record is associated with a digital photo or signature.
- ⑤ This line displays the license application code, license type code (including endorsements and CDL group), most recent license issue date, and license expiration date respectively. Refer to the following acronyms that may appear here:

License Application Code	License Type Code (Base License/Endorsements)	Commercial Driver License (CDL) (Including CDL Endorsements)
• R – Renewal	• OPER – Operator’s	• Group A, B, or C
• O – Original	• CHAF – Chauffeur	• N – Tankers
• D – Duplicate	• MOPED – Moped	• H – Hazardous Materials
• C – Correction	• CY – Motorcycle	• P – Passenger
• P – Probationary	• F – Farmer	• S – School
	• R – Recreational	• T – Double Trailers

- ⑥ VOTER indicates the customer is registered to vote (this will be blank if the customer is not registered). The asterisks mean the customer either has a verified Social Security number on file or the customer presented proof of ineligibility when the most recent driver license was applied for. CORRECTIVE LENS is a restriction that means the customer must wear glasses or contacts when driving.
- ⑦ US indicates the customer is a US citizen. LT shows for customers who have limited term legal presence (such as foreign students) and NC for customers who are non-citizen immigrants. Legal presence information is only displayed if present on the record. Also, previous names are shown below the legal presence status.
- ⑧ This area lists the number of drug and alcohol violations the customer has on record (purchased edited records do not display this information).
- ⑨ This area is the driving history. The sample record shows one traffic citation (DISOBEYED TRAFFIC CONTROL DEVICE) with a conviction date of 03/23/2014 (shown on the left). The citation was issued 1/24/2014 (shown on the right). The sample record shows one traffic accident which occurred on 9/13/2014. 060-7000 indicates the accident report number and MSP (Michigan State Police) is the law enforcement agency that supplied the report. 2 vehicles were involved in the accident with no injuries or fatalities listed. V00 is an accident code indicating the driver was not given a citation for the accident. X4 means the driver had not been drinking. PA means a passenger vehicle was involved in the accident. A list of Accident Codes is shown in Appendix B. A list of vehicle types is shown in Appendix C.
- ⑩ The license status is shown on some inquiries after the driving history. This sample shows the customer has a valid license and is eligible to drive. The legal notice at the bottom of the page cites the law under which the driving record was produced. It is printed at the end of all certified driving records.

DRIVING HISTORY ENTRIES

The following is a list of actions such as traffic convictions, suspensions, revocations, and other mandatory actions shown on driving records.

TYPE OF ENTRY

SAMPLE

ACCIDENT

ACCIDENT 07/04/2010 050-4729 SPRING ARBOR TWP PD
1 VEH/UNIT 0 INJ 0 KILLED
V07 X3 PA

Comment: *V07 is an accident code that means the driver was, in the officer's opinion, improperly passing and that behavior may have caused the accident. X3 means alcohol was involved in the accident. PA indicates a passenger vehicle was being driven. A list of accident codes can be found in Appendix B.*

01/10/2008 PROBATIONARY PERIOD EXTENDED FROM 10/03/2008 THROUGH MIDNIGHT OF 02/20/2009 AND UNTIL MEETS REQUIREMENTS OF MCL 257.310D, FROM ACTIVITY OF 04/26/2008

Comments: Activity that occurred on 4/26/2008 – such as a traffic citation – extended the driver's probationary period. Michigan drivers are on probation for a minimum of 3 years beginning when they first obtain a license. Drivers must complete the last ten months of probation with no unsafe driving events, such as traffic convictions, at-fault crashes, or suspensions. If an unsafe driving event occurs in the last ten months of probation, the probationary period is extended until the driver completes ten consecutive months without an incident.

APPENDIX B: ACCIDENT CODES

The following codes are found on driving records that show a traffic accident.

V Codes, which indicate whether the driver's behavior contributed to the accident, were amended in 1993. Both older and newer codes are shown below.

Note: Accident reports also include vehicle type. A list of vehicle types is in Appendix C.

V Codes – 1992 and Earlier

The following codes are prefaced with the letter V. Note that these codes are not always shown on the record – they're only present if included in the accident report completed by the law enforcement officer.

- 00 No Violation Code
- 01 Speeding
- 02 Driving Below Minimum Speed Limit
- 03 Failed to Yield Right of Way – Disregard of Traffic Control
- 04 Drove Wrong Way
- 05 Drove Left of Center
- 06 Improper Turn, Improper or No Signal
- 07 Improper Backing, Unsafe Start
- 08 Followed Too Closely, Unable to Stop in Assured Clear Distance, Failed to Use Due Care and Caution
- 09 Other Hazardous Action

V Codes – 1993 and Later

The following codes are prefaced with the letter V. Note that these codes are not always shown on the record – they're only present if included in the accident report completed by the law enforcement officer.

- 00 None
- 01 Speeding
- 02 Driving Below Minimum Speed Limit
- 03 Failed to Yield
- 04 Disregarded Traffic Control Device
- 05 Drove Wrong Way
- 06 Drove Left of Center
- 07 Improper Passing
- 08 Improper Lane Use
- 09 Improper Turn
- 10 Improper Turn Signal
- 11 Improper Backing
- 12 Unable to Stop
- 13 Other
- 14 Unknown

X CODES indicate whether drugs or alcohol were involved in the accident.

- X3 Driver Had Been Drinking
- X4 Driver Had Not Been Drinking
- X5 Drug and Alcohol Use Not Stated In Accident Report
- X6 Driver Had Been Using Drugs
- X7 Driver Had Not Been Using Drugs

APPENDIX C: VEHICLE TYPE CODES

The following list shows codes for the type of vehicle being driven when an accident occurred or when a citation was issued.

AA = Group A Vehicle
AH = Group A Vehicle Hauling Hazardous Materials
AL = Group A Tank Vehicle with Double/Triple Trailers and Hauling Hazardous Materials
AN = Group A Tank Vehicle
AP = Group A Passenger Vehicle
AS = Group A School Bus
AT = Group A Vehicle with Double/Triple Trailers
AX = Group A Tank Vehicle Hauling Hazardous Materials
AY = Group A Tank Vehicle with Double/Triple Trailers
AZ = Group A Vehicle with Double/Triple Trailers Hauling Hazardous Materials
BB = Group B Vehicle
BH = Group B Vehicle Hauling Hazardous Materials
BN = Group B Tank Vehicle
BP = Group B Passenger Vehicle
BS = Group B School Bus
BX = Group B Tank Vehicle Hauling Hazardous Materials
BU = Bus
CH = Group C Vehicle Hauling Hazardous Materials
CP = Group C Passenger Vehicle
CS = Group C School Bus
CV = Commercial Vehicle
CX = Group C Tank Vehicle Hauling Hazardous Materials
CY = Motorcycle
GC = Go Cart
*H1 = Cargo Truck (Single Vehicle) Hauling Hazardous Materials
*H2 = Tractor Trailer Combination Hauling Hazardous Materials
*H3 = Tractor Trailer with Double Bottom Trailer
HV = Commercial Vehicle Hauling Hazardous Materials
MD = Medium Duty Truck
MO = Moped
NC = Non-Commercial Vehicle
OR = Off Road Vehicle
PA = Passenger Vehicle
PU = Pickup Truck
SB = School Bus
SM = Snowmobile
ST = Small Truck (GVWR Under 10,000 lbs)
*T1 = Truck/Single Vehicle
*T2 = Tractor Trailer
*T3 = Tractor Trailer Plus Double Bottom Trailer
VA = Van
WC = Watercraft

*These codes are now obsolete but may be seen on older driving records.

APPENDIX D: CDL EDITED RECORD

The Certified CDL Edited Record can be purchased by customers who have a Commercial Driver License (CDL) and need to provide an employer with proof they've complied with federal requirements regarding CDLs. The record displays the following:

- ① **Driving Type:** Customers with a CDL must certify to 1 of 4 driving types – the sample record shows the customer certified to non-excepted interstate driving.
- ② **Medical Certification Status:** This is only displayed if the driving type is shown as non-excepted interstate. CERTIFIED means the customer's medical certificate is valid (unexpired). NOT CERTIFIED would mean the medical card information on the record is expired.
- ③ **Medical Certificate Information:** The area displays information from the medical certificate submitted by the customer, including the certificate issue date, expiration date, and medical examiner's information. Note that medical certificates can be issued for a maximum of two years. LICENSE NUMBER is the medical care provider's state medical license number. REGISTRY NUMBER is assigned to the medical care provider by the Federal Motor Carrier Safety Administration.
