Department Update

Gaedeke spoke to the Board about the newly appointed Michigan Prescription Drug & Opioid Abuse Commission. The Commission was created from the recommendations that were made from the Michigan Prescription Drug & Opioid Abuse Task Force. The Commission is charged with developing recommendations concerning prevention treatment, regulation, and enforcement of prescription drugs and opioid abuse in Michigan.

She went on to discussed a new system that will be replacing the Michigan Automatic Prescription System (MAPS), called Appriss. The Department is hoping to launch the system in March or April of 2017. The system will have functions for various types of data analysis as well as the use of delegate users and uses cloud based technology. The Department has also been approved for 2 grants that will help to enhance the system once it is implemented. The Department is looking to work with board members and their associations for feedback.

Gaedeke also discussed the new licensing database, Accela, that will be replacing the current licensing database License 2000.

Przybylo stated that the rules went to JCAR and we are waiting on them to be promulgated. She stated there were some items that were not addressed in those set of

rules, so suggested the Board create a rules committee so that they can start on a new set of rules. Przybylo will send a copy of the old rules and new rules to the Board for their consideration.

The new Rules Committee board members are:

Holmes, Husain, and Kreitman
