Committee Assignments

Siracuse advised the Board that a public member is needed on the Disciplinary Subcommittee. No changes were made to the committee, Kileny remains an alternate.

Health Professional Recovery Committee(HPRC) Nomination

Siracuse informed the Board that a representative is needed to represent the profession of Audiology for the Health Professional Recovery Committee (HPRC) for a 2-year appointment. The candidate cannot be a board member. Any interested parties should notify Michael Siracuse, Policy Analyst for the Department, at SiracuseM@michigan.gov. Siracuse informed the Board he will email them a current list of committee assignments.

Hearing Aid Dispensers/PCAST

Kileny inquired about licensing/scope of practice for hearing aid dispensing. The concern is the possibility of hearing aids being dispensed without the individual being examined by an Audiologist.

Discussion was held.

Siracuse states the Department does not have jurisdiction against unlicensed entities. Siracuse suggested they may want to assign a research committee to review further. He would like to table the issue until the next meeting and discuss with Elaine Barr. The topic will be on the agenda for the next meeting.

O'Connor informed the Board that the following Senate and House bills were introduced that affect the profession: 449, 554, 5183.

Department Update

Siracuse informed the Board that Elaine Barr will be in attendance at the next meeting.

Siracuse reminded the Board that there are several training courses available online at no cost in recognizing the signs of human trafficking. This training is not required until the full yearly renewal cycle of their license ends.
