Master Resolution Discussion

Mollien stated that he wanted the Board to review the Master Resolutions to address any needed changes.

Mollien gave an overview of the Full Board Master Resolution.

Discussion was held regarding the Special Volunteer license.

Mollien gave an overview of the Disciplinary Subcommittee (DSC) Master Resolution.

Stevenson stated that he noticed from the DSC meeting, that the fines applied to pharmacy technicians seemed to be disproportionate to the fines applied to pharmacists. There was discussion regarding the fines for pharmacy technicians being too high.

In response to the question as to why fines for specific violations of the Code are not consistent, Wagner-Gutkowski pointed out that the fines are being applied to each set of facts and there may be information that was taken into consideration that may not always be in the documentation that is set before the DSC Committee.

The Board asked that the DSC Committee review the DSC Master Resolution fines at the next DSC meeting.

Rules Discussion

Ditschman stated that the Rules Committee Work Group meeting set for June 17, 2020 will be rescheduled.

Ditschman stated that the Rules Committee is working on the Animal Euthanasia and Sedation, Centralized Prescription Processing, and Controlled Substances rule sets.

The Controlled Substances draft that includes modifications to the opioid training rule and the MAPS will be scheduled for a public hearing in the next few months.

Chair Report

Mollien thanked Stevenson for his expertise on the Board.

Mollien reclassified Sesi as a DSC member, instead of an alternate, to replace Stevenson.

Mollien stated that elections would be held at the next meeting in August and committee assignments will be made at the October meeting.

Mollien stated that since the Board has approved many pharmacy technician programs that are using the Pharmacy Tech University program and examination, he inquired if the Master Resolution could be modified to allow the Department to conduct the review of pharmacy technician programs and examinations that are using the Pharmacy Tech University. Wagner-Gutkowski responded that she and Ditschman will meet and discuss his suggestion, but the rules may require the review to come before the Board.

Department Update

Ditschman stated that a Board Member training will be held on July 30, 2020, and all are welcome. Wysack stated that the training is now split between two days: one day covers the Occupational Code and Deaf Persons' Interpreters Act professions. The other covers the Public Health Code professions.

Ditschman stated that the Executive Order that allowed for hours working and handling matters pertaining to the COVID-19 crisis to count toward continuing education was rescinded on June 3, 2020. Only hours earned before that time will be applied for renewal.

Ditschman stated that the state of emergency currently ends on June 19, 2020. Continuing education is waived through that date for license renewals.

PUBLIC COMMENT

None.
