BOARD MEMBER RESOLUTIONS

Gaedeke summarized the information found on the resolutions and thanked former Board members, Dhafer Almaklani and Pamela Wyett for their service and dedication to the Board. Gaedeke presented Mr. Almaklani and Ms. Wyett with their Board member resolutions.

DEPARTMENT UPDATE

Gaedeke reported that the rules are going through significant changes and while the goal was to have the full board go over the changes, the department needs to continue to work with the Rules Committee before the rules are considered by the full board. An area that still needs to be worked on is the wholesaler provisions. We hope to have the rules ready for the next board meeting in October.

Ditschman will be in contact with the Rules Committee to discuss the changes.

Gaedeke reported that the new licensing program for Nursing transitioned from L2K to MiPLUS, platform by Accela, on July 31, 2017. To date, we have 190,000 licensed nurses in the state of Michigan. The second profession we will migrate is Pharmacy.

Gaedeke reported that the MAPS update launched on April 4, 2017. The Department is pushing for pharmacies to integrate to the new system. As of this morning, there are 24,000 registered users and 3,000 delegated users registered to the new system. The Department has received positive feedback from the registered users.

Gaedeke introduced Brian DeBano, the new Division Director for the Licensing Division.

Gaedeke introduced Andria Ditschman, the new Board Analyst from the Boards and Committees Section.
