Alternative Psychological Accreditation Presentation & Discussion

Drs. Patricia J. Deldin (University of Michigan) and Jason Moser (Michigan State University) spoke to the Board and requested their consideration of designating the Psychological Clinical Science Accreditation System (PCSAS) as an accreditation entity that is recognized by Michigan. There was a fact sheet given to the Board from the presenters. The Board wanted to know if the objective was to replace the American Psychological Association (APA) and it was determined that PCSAS would be another route for certification that would include things not included by APA. The presenters also stated that there have been other states, such as Delaware, that have recognized PCSAS as an accreditation entity. Further, there are several universities that have been accredited by PCSAS.

Chairperson Report

Ozkan mentioned that Van Wormer would be attending the 2016 Association of State and Provincial Psychology Boards Annual Meeting in Baltimore, Maryland. He requested she give a report at the next meeting.

EPPP Step 2

Ozkan suggested this be discussed at the next meeting.

Department Update

The Chair introduced Patricia Leary, the new board analyst. Przybylo stated that Leary will be assisting them with their rules. The rules on Human Trafficking are open, but once those are closed, if there are new rules that need to be addressed, the rules can be reopened.

PUBLIC COMMENT

Diane Blau, representing the Michigan School of Professional Psychology, wanted to thank the Board for their support. They have received their accreditation through APA.
