Executive Summary:

This annual report covers fiscal year 2015 from October 1, 2014 to September 30, 2015. Information about the programs within the Bureau of Professional Licensing (BPL) can be found in this report. In addition, this report is available online for the public and occupational and health professional board members to access at the following locations:

- The Bureau of Professional Licensing website at: www.michigan.gov/bpl.
- The All About LARA section – Legislative Reports of the Department of Licensing and Regulatory Affairs website at: www.michigan.gov/lara.

The mission of the BPL is to protect, preserve and improve the health, safety and welfare of Michigan's citizens through the licensing and regulation of occupational and health professionals. The Bureau is designed to make the regulatory system simple, fair and efficient.

Each of the designated professions is authorized through legislative action. Most of the professions have a board consisting of licensed occupational or health professionals and public members who establish the educational, examination and general practice requirements. These requirements are established either in the legislation that authorizes the regulation of the profession or in the administrative rules for that board. Additionally, the boards are responsible for disciplining licensed/registered individuals who violate the provisions of the Public Health Code, PA 368 of 1978, as amended or the Occupational Code, PA 299 of 1980, as amended. The board members are appointed by the Governor and typically serve for two terms of four years each.

The board elects a chair and a vice-chair each year. These individuals can be either licensed professionals or public members. The board chair must appoint a disciplinary subcommittee which consists of two public members and three professional members. The disciplinary subcommittee must be chaired by a public member. This committee reviews most of the disciplinary cases and determines the sanction that needs to be imposed on the regulated individual.

Regulation of the occupational and health professionals come in three different levels of authorized practice:

- License – where only health professionals that hold the credential can practice in Michigan.
- Registration – where only professionals who hold the credential can call themselves by that name but other qualified individuals can practice that profession as long as they do not use the protected title.
- Certification – where a registry is created that indicates individuals who have met a specified level of educational training and experience and completed an examination, if appropriate. Neither the title nor the practice is limited to those who hold the credential but all of those who hold the credential have met pre-established criteria.

BPL is located within the Department of Licensing and Regulatory Affairs (LARA) and oversees the licensing, investigations and enforcement responsibilities of individuals licensed under the Occupational Code and the Public Health Code.

Michigan Board of Dentistry

The Michigan Board of Dentistry was originally formed with the enactment of Public Act 122 of 1919. This Act regulated the practice of dentistry and dental hygiene in the State of Michigan, including providing for examination, licensing and regulation of persons practicing dentistry and dental hygiene; authorizing dental assistants; and providing for the discipline of offenders against the Act.

On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended, and included certification of specialists in the fields of orthodontics, endodontics, prosthodontics, pediatric dentistry, periodontics, oral and maxillofacial surgery, and oral pathology.

The practice of dentistry, as defined by the Public Health Code, means the diagnosis, treatment, prescription, or operation for a disease, pain, deformity, injury, or physical condition of the human tooth, teeth, alveolar process, gums or jaws, or their dependent tissues, or an offer, undertaking, attempt to do, or holding oneself out as able to do any of these acts.

The practice of dental hygiene, as defined by the Public Health Code, means practice at the assignment of a dentist in that specific area of dentistry based on specialized knowledge, formal education, and skill with particular emphasis on preventive services and oral health education.

Practice as a dental assistant, as defined by the Public Health Code, means assistance in the clinical practice of dentistry based on formal education, specialized knowledge, and skill at the assignment and under the supervision of a dentist.

The Michigan Board of Dentistry consists of 19 voting members: 8 dentists, 2 dentists who have been issued a health profession specialty certification, 4 dental hygienists, 2 registered dental assistants, and 3 public members.

Forester Registration

The Michigan Board of Foresters was originally formed with the enactment of Public Act 78 of 1955. On October 21, 1980, this authority was transferred to the Occupational Code, Public Act 299 of 1980, as amended. By executive Order No. 1996-2, the Board of Foresters was abolished effective May 15, 1996. The registration of individuals continues unimpeded.

Article 21 defines a forester as a person who, by reason of his or her knowledge of the natural sciences, mathematics, and the principles of forestry, acquired by forestry education and practical experience, is qualified to engage in the practice of professional forestry. The practice of professional forestry is defined as professional forestry services, including consultation, investigation, evaluation, planning, or responsible supervision of forestry interns or forest technicians when the professional service requires the application of forestry principles and techniques.

Michigan Board of Medicine

The Michigan Board of Medicine was originally formed with the enactment of Public Act 237 of 1899. This act provided for the examination, regulation and licensing of physicians and surgeons in the State of Michigan and for the discipline of offenders against the Act. On January 8, 1974, a new Medical Practice Act, Public Act 185 of 1973, became effective. This Act continued in effect until September 30, 1978, when the Board's authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of medicine, as defined in the Public Health Code, means the diagnosis, treatment, prevention, cure or relieving of a human disease, ailment, defect, complaint, or other physical or mental condition, by attendance, advice, device, diagnostic test, or other means, or offering, undertaking, attempting to do, or holding oneself out as able to do, any of these acts.

The Michigan Board of Medicine consists of 19 voting members: 10 medical doctors, 1 physician's assistant, and 8 public members.

Michigan Board of Nursing

The Michigan Board of Nursing was originally created with the enactment of the Nurse Practice Act, Public Act 319 of 1909; authority was transferred to the Nursing Practice Act of 1967 by Public Act 149 of 1967. On September 30, 1978, authority was again transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of nursing, as defined in the Public Health Code, means the systematic application of substantial specialized knowledge and skill, derived from the biological, physical, and behavioral sciences, to the care, treatment, counsel, and health teaching of individuals who are experiencing changes in the normal health processes or who require assistance in the maintenance of health and the prevention or management of illness, injury, or disability.

The practice of nursing as a “licensed practice nurse” or “LPN.” means the practice of nursing based on less comprehensive knowledge and skill than that required of a registered professional nurse and performed under the supervision of a registered professional nurse, physician, or dentist. “Registered professional nurse” or “RN” means an individual licensed under this article to engage in the practice of nursing which scope of practice includes the teaching, direction, and supervision of less skilled personnel in the performance of delegated nursing activities.

The Public Health Code establishes the Board of Nursing to consist of 23 members: 9 registered nurses (RNs), 1 nurse midwife, 1 nurse anesthetist, 1 nurse practitioner, 3 licensed practical nurses (LPNs), and 8 public members. Of the 9 registered nurses: 3 must have a master's degree with a major in nursing and be engaged in nursing education, 1 in less than a baccalaureate program; 1 in a baccalaureate or higher program and 1 in a licensed practical nurse program; 3 must have a baccalaureate degree in nursing and be engaged in nursing practice or nursing administration; and 3 must be non-baccalaureate registered nurses engaged in nursing practice or nursing administration. The 3 licensed practical nurses must have graduated from a state-approved program of practical nurse education.

During this fiscal year, the Board met to grant licenses, impose disciplinary sanctions, review and approve nurse education programs, and to carry out all other mandates of the Code relating to the licensing and regulating of RNs and LPNs.

Michigan Board of Optometry

The Michigan Board of Optometry was originally formed with the enactment of Public Act 71 of 1909. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of Optometry includes the employment of objective or subjective means, including diagnostic pharmaceutical agents for the examination of the human eye for the purpose of ascertaining a departure from the normal, measuring of powers of vision, and adapting lenses for the aid of those powers.

On March 26, 1984, the Governor signed Public Act 42, which allowed optometrists to be certified to administer topical oculardiagnostic pharmaceutical agents to the anterior segment of the human eye. Rules allowing the board to certify optometrists as diagnostic agents were promulgated on July 13, 1985.

The Board of Optometry consists of 9 voting members: 5 optometrists and 4 public members.

Michigan Board of Osteopathic Medicine and Surgery

The Michigan Board of Osteopathic Medicine and Surgery was originally formed with the enactment of Public Act 162 of 1903. This Act regulated the practice of osteopathic medicine and surgery in the State of Michigan; provided for the examination and licensing of osteopathic physicians and surgeons; and provided for the discipline of offenders against the Act. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The practice of osteopathic medicine and surgery, as defined in the Public Health Code, means a separate, complete, and independent school of medicine and surgery, utilizing full methods of diagnosis and treatment in physical and mental health and disease, including the presentation and administration of drugs and biologicals, operative surgery, obstetrics, radiological and other electromagnetic emissions, and placing special emphasis on the interrelationship of the musculoskeletal system to other body systems.

The Michigan Board of Osteopathic Medicine and Surgery consists of 11 voting members: 7 osteopathic physicians, 1 physician's assistant, and 3 public members.

Personnel Agency Licensure

The Michigan Board of Personnel Agencies was originally formed with the enactment of Public Act 301 of 1974. On October 21, 1980, this authority was transferred to the Occupational Code, Public Act 299 of 1980, as amended. By executive Order No. 2007-22, the Board of Personnel Agencies was abolished effective July 15, 2007. The licensure of individuals continues unimpeded.

Article 10 defines personnel agency as a type A personnel agency or a type B personnel agency, or both. Type A personnel agency is defined as a person who is engaged in the business or profession of serving, assisting, or in any way aiding a client seeking employment or making basic career decisions, who puts a client in direct contact with employers, and who receives a fee from the client for the services rendered or offered to be rendered. Type B personnel agency is defined as a person who is engaged in the business or profession of serving, assisting, or in any way aiding or consulting with a client to make basic career decisions and who receives a fee from the client for the services rendered or offered to be rendered.

Michigan Board of Pharmacy

The Michigan Board of Pharmacy was originally formed with the enactment of Public Act 134 of 1885. On March 28, 1963, the authority of the Board to regulate the practice of pharmacy and to prescribe its powers and duties; and to prescribe penalties for violations of the act, was transferred to Public Act 151 of 1962. On September 30, 1978, authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended.

The Public Health Code, Public Act 368 of 1978, as amended, defines the practice of pharmacy as a health service, the clinical application of which includes the encouragement of safety and efficacy in the prescribing, dispensing, administering and use of drugs and related articles for the prevention of illness and the maintenance and management of health.

Professional functions associated with the practice of pharmacy include the interpretation and evaluation of prescriptions; drug product selection; compounding, dispensing, safe storage, and distribution of drugs and devices; maintenance of legally-required records; advising the prescriber and the patient as required regarding contents, therapeutic action, utilization, and possible adverse reactions and interactions of drugs.

The Public Health Code, by section 17722, grants authority to the Board of Pharmacy to regulate, control, and inspect the character and standards of pharmacy practice and of drugs manufactured, distributed, prescribed, dispensed, and administered or issued in this State and procure samples, and limit or prevent the sale of drugs that do not comply with this section's provisions; prescribe minimum criteria for the use of professional and technical equipment in reference to the compounding and dispensing of drugs; grant pharmacy licenses for each separate place of practice of a dispensing prescriber who meets requirements for drug control licensing; and grant licenses to manufacturer/wholesaler distributors of prescription drugs.

The Michigan Board of Pharmacy consists of 11 voting members: 6 pharmacists, 1 pharmacy technician, and 4 public members.

Michigan Board of Physical Therapy

The Michigan Board of Physical Therapy was originally formed with the enactment of Public Act 164 of 1965. On September 30, 1978, authority was transferred to the Public Health Code by Public Act 368 of 1978, as amended.

The practice of physical therapy, as defined in the Public Health Code, means: "the evaluation of, education of, consultation with, or treatment of an individual by the employment of effective properties of physical measures and the use of therapeutic exercises and rehabilitative procedures, with or without assistive devices, for the purpose of preventing, correcting, or alleviating a physical or mental disability. It includes treatment planning, performance of tests and measurements, interpretation of referrals, initiation of referrals, instruction, consultative services, and supervision of personnel. Physical measures include massage, mobilization, heat, cold, air, light, water, electricity, and sound."

Public Act 55 of 2009 amended the Public Health Code to include the licensing of the physical therapist assistant. The physical therapist assistant is an individual with a health profession subfield license under this part who assists a physical therapist in physical therapy intervention. The practice of the physical therapist assistant is defined as the practice of physical therapy performed under the supervision of a physical therapist licensed under this part. Additionally, it modified the composition of the board to 11 voting members: 6 physical therapists, 1 physical therapist assistant and 4 public members.

Michigan Joint Task Force on Physician's Assistants

The Committee on Physician's Assistants was formed with the enactment of Public Act 420 of 1976, signed by the Governor on January 9, 1977. The Act regulated the practice of physician's assistants in the State of Michigan, providing a system to determine and approve the qualifications of physician's assistants, creating a committee on physician's assistants, prescribing its powers and duties, and prescribing penalties. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended and became the Joint Task Force on Physician's Assistants.

The practice of a physician's assistant, as defined in the Public Health Code, means the practice of allopathic or osteopathic medicine under the supervision of an allopathic or osteopathic physician or the practice of podiatric medicine under the supervision of a podiatrist.

The Joint Task Force on Physician's Assistants of 2009 consisted of 11 voting members: 5 physician's assistants, a physician representative of the Boards of Medicine, Osteopathic Medicine and Surgery and Podiatric Medicine and Surgery and 3 public members. In May 2010, Public Act 79 passed which increased the board composition to 13 members; 7 physician's assistants, the 3 physicians previously specified and 3 public members.

Michigan Board of Psychology

The regulation of psychologists was initially started as a certification by the superintendent of public instruction under the provisions of Public Act 257 of 1959. On September 30, 1978, the certification process was transferred to the Public Health Code, Public Act 368 of 1978, as amended and the Board of Psychology was created.

The Public Health Code defines the practice of psychology as the rendering to individuals, groups, organizations, or the public services involving the application of principles, methods, and procedures of understanding, predicting, and influencing behavior for the purposes of the diagnosis, assessment related to diagnosis, prevention, amelioration, or treatment of mental or emotional disorders, disabilities or behavioral adjustment problems by means of psychotherapy, counseling, behavior modification, hypnosis, biofeedback techniques, psychological tests, or other verbal or behavioral means. The practice of psychology does not include the practice of medicine such as prescribing drugs, performing surgery, or administering electro-convulsive therapy.

The Michigan Board of Psychology consists of 9 voting members: 5 psychologists, including at least 1 non-doctoral psychologist, and 4 public members.

Sanitarian Registration

The Michigan Board of Sanitarians was originally formed with the enactment of Public Act 147 of 1963. On September 30, 1978, this authority was transferred to the Public Health Code, Public Act 368 of 1978, as amended. Executive Order No. 1996-2, effective May 15, 1996, transferred all statutory authority, powers, duties, functions and responsibilities of the Board of Sanitarians under Part 184 of the Public Health Code, being Sections 333.18401 *et seq.* of the Michigan Compiled Laws, from the Department of Commerce to the Director of the Department of Consumer & Industry Services by a Type III transfer as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws. Effective January 1, 2004, Executive Order No. 2003-18 transferred, by a Type II transfer, any authority, powers, duties, functions and responsibilities for programs or functions within the Department of Consumer & Industry Services, within the former Bureau of Health Professions, to the Director of the Department of Community Health.

Public Act 308 of 2004, effective January 1, 2004, created a seven-member advisory committee whose purpose is to make recommendations to the Department relative to qualifications for registration, establishment of education and training standards and actions regarding disciplinary proceedings. Underlying all duties is the responsibility of the Department to promote and protect the public's health, safety, and welfare.

Sanitarian means an individual who has specialized education and experience in the physical, biological and sanitary sciences as applied to the educational, investigational and technical duties in the field of environmental health.

By Executive Order 2009-12, the Sanitarian Advisory Committee was abolished effective May 17, 2009. The registration of individuals continues unimpeded.

Michigan Board of Social Work

The Michigan Board of Examiners of Social Workers was originally formed with Public Act 352 of 1972. On October 21, 1980, the authority of the Board was transferred to Article 16 of Public Act 299 of 1980. Public Act 11 of 2000 transferred the authority of the Board of Examiners of Social Workers to the Public Health Code, Public Act 368 of 1978, as amended. Public Act 61 of 2004 amended Public Act 368 of 1978 to provide for licensure of bachelor's and master's level social workers and for the registration of social service technicians.

The practice of social work at the bachelor's level, as applied within the scope of social work values, ethics, principles and skills, means the following: the application of social work theory, knowledge, methods and ethics; social work case management and casework; helping communities, organizations, individuals, or groups improve their social or health services by utilizing social work practice skills; and the administration of assessment checklists that do not require special training and that do not require interpretation.

The practice of social work at the master's level, as applied within the scope of social work values, ethics, principles and skills, means the following: advanced application of macro social work processes and systems; the advanced application of specialized clinical knowledge; and advanced clinical skills and the advanced application of the knowledge of human development and behavior and social, economic and cultural institutions.

The Michigan Board of Social Work consists of 9 voting members: 6 individuals engaged primarily in the practice of social work and 3 public members.

Health Professional Recovery Committee

The Health Professional Recovery Committee (HPRC) was created by Public Act 80 of 1993, which became effective April 1, 1994. Section 333.16167 describes the Committee's duties as follows:

Sec. 16167. The committee shall do all of the following:

- (a) Establish the general components of the health professional recovery program and a mechanism for monitoring health professionals who may be impaired.*
- (b) Subject to sections 16169 and 16170 and in conjunction with the health professional recovery program consultants described in section 16168, develop and implement criteria for the identification, assessment, and treatment of health professionals who may be impaired.*
- (c) In conjunction with the health professional recovery program consultants described in section 16168, develop and implement mechanisms for the evaluation of continuing care or aftercare plans for health professionals who may be impaired.*
- (d) Develop a mechanism and criteria for the referral of a health professional who may be impaired to a professional association when appropriate for the purpose of providing assistance to the health professional. In developing criteria under this subdivision, the committee shall require that a referral be made only with the consent of the health professional.*
- (e) Annually report to each board and the physician's assistants task force created under this article on the status of the health professional recovery program. The committee shall include in the report, at a minimum, statistical information on the level of participation in the program of each health profession. The committee may include in the report recommendations for changes in the health professional recovery program and for participation by the boards and the physician's assistants task force, professional associations, substance abuse treatment and prevention programs, and other appropriate agencies.*

In accordance with Section 333.16165 of the Public Health Code, the health profession boards appoint members in consultation with appropriate professional associations. The Director shall appoint the public members.

Michigan Automated Prescription System

The Michigan Automated Prescription System (MAPS) is the state mandated prescription monitoring program for the State of Michigan. The MAPS program is used to identify and prevent drug diversion at the prescriber, pharmacy and patient levels by collecting prescription data listed in Schedule 2-5 controlled substances dispensed by pharmacies and practitioners. Pharmacists and dispensing prescribers are required to report to MAPS all controlled substances, Schedule 2-5, they dispense on a daily basis.

As of the date of this report, MAPS averages just over 9,641 reports on a daily basis for approximately 30,909 MAPS users and averages 293,246 reports provided in any given month to those requesting MAPS data.

MAPS operations in Fiscal Year 2015 included website notification to prescribers of the schedule change by the federal Drug Enforcement Agency (DEA) of Hydrocodone Containing Products (HCP) to a schedule 2 drug from schedule 3.

MAPS staff continue to notify prescribers if their patient is identified as a potential “doctor shopper,” defined as an individual who visits numerous physicians and pharmacies to obtain controlled substances, Schedule 2-5, for the purpose of abuse or diversion. The goal of this project is to inform the practitioners so that they can communicate with each other to coordinate care of the patient in the most effective manner. Alternatively, this contact could result in a referral of the patient by the practitioner for substance abuse treatment or termination of the physician-patient relationship if the patient refuses to change their behavior.

MAPS is currently exchanging prescription data with 25 other states through the interstate data exchange program monitored by the National Association of Boards of Pharmacy (NABP) PMP Interconnect. This allows a practitioner to request data from other participating states directly through MAPS.

One of the goals for FY 2015 was to update MAPS program by creating specific reports to review and better assist BPL in identifying potential over prescribing activities. A few reports were created but given that the system is old the agency is limited in producing reports with more refined analytics. The agency will continue to push for a robust and modernized system.

This report satisfies the requirements of MCL 333.7113(2).

Advisory Committee on Pain and Symptom Management

The Advisory Committee on Pain and Symptom Management (ACPSM) was originally established as the Interdisciplinary Advisory Committee under Public Act 232 of 1994. The statute was later amended under Public Act 421 of 1998 to create the current ACPSM. The committee was charged with making recommendations to the legislature in 2002, and issued a report that contained 18 recommendations to improve pain and symptom management in Michigan. The State of Michigan subsequently enacted a number of legislative measures to improve pain and symptom management in Michigan between 1995 and 2004. These included eliminating the term “intractable pain” from the Public Health Code as the basis for use of opioid medication, requiring at least one hour of continuing education in pain management for nearly every health licensee in Michigan, establishing the right of all Michigan citizens to have their pain managed as part of their overall health care, and a number of new pharmacy regulations making opioid medication more available to all Michigan citizens. The ACPSM provides professional expertise and consultation to the state’s Pain Management and Palliative Care Program (PMPCP), which was established in 2008.
