FINAL DECISION OF THE CONSTRUCTION CODE COMMISSION

On January 27, 2021, the Construction Code Commission was presented with Mr. Ned Waltz's Petition Application for Certificate of Acceptability for the PowerBrace Wall Bracing System, dated November 19, 2020. The Commission acknowledged receipt of the application on January 27, 2021, reviewed the material provided, and considered the matter at a public meeting on that date. This final decision is issued pursuant to Section 21 of 1972 PA 230, MCL 125.1521.

Mr. Waltz, Supportworks, attended the meeting and spoke in support of his application. Following discussion, a motion was made, supported, and passed to deny Mr. Waltz's Petition Application for Certificate of Acceptability due to a lack of approval from an accredited agency; therefore, effectiveness cannot be determined.

THEREFORE, it is the final decision of the Construction Code Commission to reject the Petition Application for Certificate of Acceptability for the PowerBrace Wall Bracing System as presented. A judicial review of this decision may be pursued in accordance with the Administrative Procedures Act, 1969 PA 306, MCL 24.201 *et seq.*
