Class B AFFF Collection Program Ending July 2020

In November 2019, US Ecology was awarded a contract from the Department of Environment, Great Lakes and Energy (EGLE) to collect and properly dispose of Class B Aqueous Film Forming Foam (AFFF) containing per- and polyfluoroalkyl (PFAs) from Michigan fire departments.

Please be advised, the collection program is ending on July 31, 2020. US Ecology is currently contacting the remaining fire departments that participated in the Bureau of Fire Services' Class B AFFF survey.

Any fire department that would still like to participate in the collection and disposal program must complete the survey at www.surveymonkey.com/r/BFSFoam **by July 17, 2020.**

Questions regarding the collection and disposal program may be directed to:

Chad Vancoillie, US Ecology: 248-961-1886 or Chad.Vancoillie@usecology.com
Steve Noble, EGLE: 517-449-6153 or NobleS4@michigan.gov
Michael Jury, EGLE: 517-242-9578 or JuryM1@michigan.gov
