

UNDERSTANDING & FIGHTING BASEMENT FIRES

The ISFSI “Understanding and Fighting Basement Fires” program is one of the most talked-about educational experiences in the fire service today.

Basement fires present a significant hazard and make tactical choices a challenge for even the most seasoned firefighter. Line of duty deaths and injuries have encouraged departments to reflect on their current tactics, effects of flow path, and safety considerations for basement fires.

The ISFSI “Understanding and Fighting Basement Fires” 8-hour classroom curriculum addresses types of basement access, fire attack tactics, nozzles and appliances, and tactical considerations based on research and real life experience. The ISFSI partnership with UL Firefighter Safety Research Institute brings the research to the classroom and from the classroom to the streets.

September 26, 2020

8am-5pm

Portage Fire Division Station #12-1
7830 Shaver Road
Portage, MI 49024

Host: Kalamazoo Fire Chiefs Association

Funded by Michigan Training Fireworks Fund
