

STRATEGY AND TACTICS INITIAL COMPANY OPERATIONS (STICO)

Course Description:

This 16-hour course is the final course in a 3 course series designed to meet the needs of **Company Officers (COs)** responsible for managing the **operations** of one or more **companies** during structural firefighting **operations**. This is an interactive course, tying all 3 courses together. Students will conduct table top exercises, based on actual fire scene photos to solve various strategic problems. This course is currently a co-requisite for the Company Officer I & II Course and these courses must be taken in this order.

PICO
MCTO-D
STICO
