

NOTICE OF TRAINING

Advanced Pump Operator

Description: Due to budget and time constraints, volunteer or call paid departments have difficulty committing 40 hours and significant financial resources to the currently approved Pump Apparatus Operator course (B01B). This State recognized "Q" class offers a lower cost, 20 hour alternative that provides operators with the knowledge and practical skills required to safely operate apparatus fire pumps on the fire ground and increase firefighter safety

Class Number: 2019-1-60-Q54A-0188

Instructor: Danny Evens

DATE & TIME:

Fri. July 12, 2019 6:00 pm – 10:00 pm
