**Fireworks Program**

In December 2011, Governor Rick Snyder signed P.A. 256 of 2011, Michigan Fireworks Safety Act, which allows the sale and use of consumer-grade fireworks in Michigan. LARA/Bureau of Fire Services have been given the responsibility of administering and enforcing the Fireworks Safety Act and the promulgated Fireworks General Safety rules to ensure retail locations throughout the State of Michigan comply with nationally recognized standards for the retail sale of consumer and low-impact fireworks, specifically the National Fire Protection Association Standards 101 and 1124.

All fees generated as part of this program are allocated to support the operation of the program and the training of the State's approximately 34,500 Fire Fighters.

2018 Fireworks Season. Click on this link to apply: [2018 Consumer Fireworks Application and Low Impact Registration](#). The process is the same as last year using the Accela program.

All previous 2017 applicants will not have to create a new account. All new applicants in 2018 will have to create a new account. Like last year you will still be able to attach any required documentation to your online application. All Certificates issued will be emailed to you for you to print and display ...
