Michigan Residential Code Notification

January 30, 2018

The latest edition of the international residential code has been published and is available to the general public. On December 20, 2017, the department held a public meeting at the Ottawa Building, 611 W. Ottawa St., Lansing, MI in UL conference room 3 and offered the public an opportunity to present data and comments on the general need to update the Michigan residential code.

We appreciate the industry feedback provided at that meeting along with additional written input the department received on the 2018 international residential code.

Pursuant to MCL 125.1504(6) the department has determined to not update the Michigan residential code.

Director of the Bureau of Construction Codes
