Notes:

1. This table does not include the federal survey and certification program that is operated by the Bureau of Community and Health Systems on behalf of the Centers for Medicare and Medicaid Services, because that is a separate and distinct program from the state licensure program.
2. Expenditures are prorated by FTEs dedicated to each type of license.
3. Of the 151 administrative hearings for nursing homes, the majority addressed involuntary discharges; and, most of the remaining hearings related to appeals of agency decisions for reinvestigation of a complaint.
4. The reason the number of complaints about substance use disorder programs is relatively low is because complaints must be submitted to the program first. If not resolved at that level, then complaints are to be submitted to the regional entity. If still not resolved, then complaints may be submitted to the state.
5. Plan Review Permits are issued on a one-time basis, they are not renewed.
6. Column K - Number of Exams - is not applicable to the Bureau of Community and Health Systems.
