

Consumer Product Safety Commission
Product Recalls for Children's Safety
(not including toys)

- Kidde recalls its PI2010 and PI9010 **dual-sensor smoke alarms** because a yellow cap left on during the manufacturing process can cover one of the two sensors and compromise the smoke alarm's ability to detect smoke, posing a risk of consumers not being alerted to a fire in their home.
- Handi-Craft recalls **Dr. Brown's Lovey pacifier & teether holders** because the snap can detach from the pacifier's ribbon, posing a choking hazard for young children.
- Graco recalls its **Table2Table 6-in-1 Highchairs** because the highchair's rear legs can pivot out of position making the chair unstable, posing a fall hazard to a child in the highchair.
- Jané recalls **Muum strollers** because they violate the federal stroller and carriage standard. An infant can pass through the opening between the stroller armrest and the seat bottom and his/her neck can become entrapped by the armrest, posing entrapment and strangulation hazards.
- Tobi recalls **Babynest Crib Bumpers** because the strings on the crib bumper exceed a safe length, posing a strangulation hazard to babies.

Details on these product recalls may be obtained on the CPSC's website (www.cpsc.gov). Post this page in your facility to be in compliance with the Children's Product Safety Act (2000 PA 219)
