

PINE LAKE EXPERIENCE

An Exciting Summer Program For Career Conscious Students

Our career exploration camp is designed for students, ages 16 – 19. They explore their interests, strengths and vocational opportunities along with developing teambuilding and recreational skills. Campers will get hands-on experience in many of our vocational choices. In addition to vocational exploration, campers will have some summer time fun!

Located on the shores of Pine Lake, our 70 acre campus is where students will enjoy swimming, boating, archery, crafts, fishing and bowling. Summer camp is not complete without the tent campout!

Come and discover what adventures and careers may be waiting for you!
