

## BARBER COLLEGE

The Michigan Barber laws and rules are taught.	§1110(5)/R 47
All subjects of the curriculum are taught as prescribed.	§1110(1)(b)/R 47
Employs or contracts not fewer than 2 full-time, licensed instructors and ensures that both of the following are met: (i) At any time classroom study or theory training is given to any number of students, at least 1 instructor is present. (ii) If practical training occurs, there is at least 1 instructor present for every 30 students at all times.	§1110(1)(e)
The college is completely partitioned from any other place of business or dwelling.	§1110(1)(f)
One stationary wash basin with hot and cold running water and a connected drain for every two chairs. Sufficient practical training stations so students are not required to share during training periods.	§1110(1)(g)
A barber college shall display the license of the barber college and all instructors, student instructors, and students in a prominent place visible to the public at all times. An individual's license may be displayed at the individual's work station.	§1110(8)
All premises used by the Licensee shall be maintained in a clean, safe, and sanitary condition. The premises shall be free from all of the following (a) Dust, (b) Mold, (c) Mildew, (d) Insects, (e) Rodents, (f) Vermin (g) and other sources of contamination or potential causes of health or safety hazards or nuisances.	R31(1)(a-g)
Floors, walls, ceilings, fixtures, furnishings, and work surfaces must be kept clean. Open windows and doors must be screened to prevent the entry of insects.	R 31(2)
Waste containers must be kept closed with a lid or hinged-door and emptied when full and at least once every 24 hours. Waste containers must be cleaned and disinfected at least once every 24 hours unless lined with a plastic bag that is disposed of each time the waste container is emptied.	R 31(2)
Equipment and supplies for barbering must be stored separately from storage for any other purpose. Soiled or used towels or rubbish are not allowed to accumulate on the premises or adjacent areas. Used towel and rubbish storage may not be adjacent to storage for clean supplies. Covered containers or cabinets must be provided for clean supplies that are not wrapped for sanitation.	R 31(3)
Toilet facilities must be furnished on the premises unless public toilet facilities are reasonably available.	R 31(4)
Licensed premises shall have stationary washbasins located within the licensed premises. Washbasins used to satisfy the sanitation requirements of these rules may not be in a restroom or out of view of the work area where services are performed. Each basin must be connected to a pressurized water system with hot and cold running water and with adequate drainage and disposal of waste into a public disposal system or septic tank.	R 31(5)
Licensed premises must comply with all regulations of the political subdivision in which they are located and with state and federal building codes, health regulations, and fire safety regulations.	R 31(6)
Before being used on a patron, tools and equipment must be wiped clean and sanitized using 1 of the following methods: (a) Exposure to ultraviolet light at a distance of not more than 8 inches or less than 2 minutes from a germicidal lamp that has a strength not less than 15 watts. (b) Thoroughly washing the tools and equipment in a detergent solution and placing the rinsed equipment in a container holding a chemical sanitizing agent. Chemical sanitizing agents acceptable for such uses are those registered for use in interstate commerce by the United States Environmental Protection Agency. After sanitizing, the tools and equipment must be stored in a covered container. (c) Sharp edged tools shall be wiped with a 70% alcohol solution.	R 33(1)(a-c)
When not in use, tools and equipment that are intended to come in contact with a patron and are capable of storage in a covered container must be stored in a covered container.	R 33(2)
Tools and equipment must be maintained in a sanitary and safe condition and in good working order.	R 33(3)
The reuse of unsanitized finger bowls, common powder puffs, common sponges, and paper and cotton items is prohibited. Such items must be sanitized before reuse or must be discarded.	R 33(4)

# INSPECTION REQUIREMENTS

Small items of equipment, including combs, brushes, rollers, clips, pins, head coverings, caps, permanent waving rods, protectors, and supplies, must be maintained in a sanitary condition, must be stored in covered containers, and, to minimize the possibility of accidental, unsanitized reuse, must not be carried about between work areas on the person of a licensee.	R 33(5)
The use or storage on licensed premises of styptic pencils, lump alum, or drops, washes, and treatments of the eyes is prohibited. Only powdered or liquid astringent applied on a clean towel, cotton, or gauze may be used to stop bleeding.	R 35(1-2)
(1) A clean, fresh paper or cloth towel must be used for each patron. (2) A headrest of a barber chair must be covered with clean, fresh paper or cloth before use by each patron. (3) A hair cloth or cape must be used on each patron. A clean, fresh towel or sanitary paper or cloth neck strip must be placed around the neck to prevent the hair cloth or cape from touching the skin. (4) After being used on a patron, a towel or cloth neck strip must be placed in a covered container with a hinged door or lid. (5) Creams and other semisolid substances must be covered when not in use and must be removed from their containers with spatulas. Fluids or powders used on a patron must be applied from a bottle or shaker-type dispenser. (6) A licensee shall wash his or her hands before serving each patron and shall make all reasonable attempts to prevent the spread of communicable diseases or skin lesions.	R 37(1-6)
A barber college shall provide for all of the following: (a) A classroom with adequate space and sufficient number of desk chairs for each student in attendance. (b) A practical training room. (c) A separate student locker area. (d) Adequate toilet facilities to meet the needs of the number of enrolled students.	R 41(1)(a-d)
The practical training room must be equipped with all of the following: (a) Sufficient practical training stations so that students are not required to share a station during practical training periods. (b) Tile, first-grade linoleum, or other board-approved floor covering. (c) Ample lamps and vibrators to give demonstrations in scientific treatment as provided in the curriculum. (d) Ample supplies of steamers, sources of lather, and clean towels provided by the college for the proper performance of services by each student.	R 41(2)(a-d)
A practical training station must be equipped with all of the following: (a) A barber chair that is in mechanical working order, easily cleaned, and not less than 6 feet from the next chair, when measured from the center of one chair base to the center of the next chair base. (b) One storage cabinet for tools, clean towels, and hair cloths. (c) One electric sterilizer. (d) One approved soiled towel container with a hinged lid or door. (e) One complete set of the customary barber tools.	R 41(4)(a-e)
A barber college shall indicate to the public that it is a barber college by a sign, with letters that are not less than 6 inches in height, that includes the words "barber school" or "barber college." A sign must be displayed indicating that the work performed in the barber college is primarily performed by students.	R 41(5)
Adhere to proper blood spill procedures.	R 39(1)(a-f); (2)
Keep records of students which shall be maintained for not less than 7 years after termination of training following the requirements of the rule.	R 49(1-3)
