The National Center for Biomedical Research and Training (NCBRT) at Louisiana State University invites you to join us for a unique training opportunity. The NCBRT is offering the following Department of Homeland Security (DHS) certified course:

**Introduction to Computer-Aided Management of Emergency Operations (CAMEO) Suite (PER-229)**

This course provides training on the fundamental elements of the CAMEO Suite of programs as they relate to emergency situations. As such, it includes detailed technical information and hands-on practice of critical elements in the CAMEO system and its associated programs (CAMEO Chemicals, CAMEOfm, ALOHA and MARPLOT). To better understand how the programs interface, participants are provided opportunities to practice key procedures that allow users to enhance planning and response activities associated with community risks. These exercises clarify the connections between the programs and how they can enhance emergency planning and response activities.

The National Center for Biomedical Research and Training (NCBRT) at Louisiana State University offers DHS-certified courses covered under the NCBRT’s Homeland Security National Training Program Cooperative Agreement. As a DHS primary training provider, the NCBRT can offer this vital training at no direct cost to your agency. Please contact us at info@ncbrt.lsu.edu or 1-877-829-8550 to schedule a course through your state administrative agency, or visit www.ncbrt.lsu.edu to learn more about the NCBRT’s training opportunities. Remember, the time to prepare is now!
