12630 West Airport Blvd. Suite 100
Sugar Land, Texas 77478

Dear Mr. Singh,

I am writing to provide written confirmation of the Michigan State Plumbing Board’s decision regarding your scheduled board appearance to petition for product approval of Cast Iron Soil Pipe & Fittings, NH, SV, and ZFBE. Following your attendance and questioning at the December 2, 2014 meeting, the Board postponed review for consideration for product approval until the next Board meeting to allow time to provide additional documentation.

The following information has been recorded in the draft board minutes:

**NewAge Casting Company, LP, Cast Iron Soil Pipe & Fittings, NH, SV, and ZFBE, BCCP-14-008**

Mr. Bick Singh and Mr. Pat McQuillan presented the Board a product approval request from NewAge Casting Company, LP, for Cast Iron Soil Pipe & Fittings, NH, SV, and ZFBE.

Following a review and discussion with Mr. Singh and Mr. Pat McQuillan, Board Member Maner moved to postpone the product review for consideration of product approval until the March 3, 2015 Board meeting to allow time for the petitioner to provide additional documentation from NSF clarifying which specific facilities are certified under the China facility listing, test reports for certification to Annex A1, and sample material test reports including radioactive tests. Board Member McNitt seconded the motion. **MOTION CARRIED.**

Further clarification of the requested information was also provided in the December 19, 2014 letter to you. Your response to this request was received on January 27, 2015. Your response has been supplied to the State Plumbing Board to help them with their decision for your products approval or denial.

Dear Mr. Singh,

I am writing to confirm what information NewAge Casting Company, LP is to supply to the State Plumbing Board for their review. You stated at our last Board meeting on December 2, 2014 that you were very close to getting all the information from NSF International for their listings of the China casting plants NewAge Casting Co., LP uses to manufacture their products. In addition to this information, I would ask that you also furnish all the information I requested in my letter dated October 31, 2014 along with a copy of all documentation provided at the December 2, 2014 State Plumbing Board meeting.
