

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course will review the MIOSHA regulations found in Part 10. Cranes and Derricks. Rules regarding crane assembly and disassembly, inspections, safe operation, power line safety, and required training, certifications and qualifications will be covered. The course will describe current best practices and regulatory changes with emphasis on recognizing hazards and complying with the 2016 revision to the Part 10 standard.

Agenda

We offer a flexible program agenda to emphasize the construction topics you want most.

- ▶ Recognize hazards of cranes in construction.
- ▶ Discuss assembly, inspection, operational, and disassembly rules.
- ▶ Interpret training requirements for operators, riggers, and signal persons.
- ▶ Practice creating procedures that support compliance with Part 10.

New

MIOSHA Education Training Materials Have Gone Electronic

MIOSHA Training Institute (MTI) has changed the delivery of its printed education materials to an electronic format.

The student training manual and course reference materials will be provided in electronic format via email for students to download and print before class if they wish.

No hard copy textbook will be provided at the class. Upon arrival at class, each student will also receive a flash drive containing these materials which is theirs to keep. If you wish to bring a copy to class, you have the option to **download and/or print** the course materials in advance.

Important: When registering for this class, please provide your complete email address.

Remember to download your course handouts ahead of time!

Frequently Asked Questions

Q: Will I be able to print my materials at the seminar or workshop?

A: No printing services will be available. Print or download the presentation slides before you arrive for the class.

Q: What electronic format will the handouts be in?

A: All materials will be available as PDF documents.

Q: Will I be able to charge my device at the seminar or workshop?

A: We recommend that your device is fully charged before you arrive. Charging stations may not be available in the classroom.

Q: What happens if I do not receive an email?

A: In the unlikely event that you do not receive the link via email, please call the contact number listed on the next page for assistance.

Facilitator

Tarah Kile is an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. Tarah currently provides consultation and training services in the Northern Central Michigan counties.

Before working with the State of Michigan, Tarah managed safety programs for industrial and residential contractors as well as having worked as a Program Director for a safety training facility. Managing worker safety along with MIOSHA standard compliance are where Tarah has gained the majority of her experience. That knowledge, along with her understanding of behavior-based safety, program management, training, and hazard mitigation give her great insight into the challenges that are facing both contractor employees and owners.

Tarah is a graduate of Davenport University where she studied business with a focus on corporate behavior and personnel management.

Presenters: Tarah Kile, Construction Safety Consultant and Jim Getting, Senior Construction Safety Consultant; MIOSHA-CET Division
