

An Informative Full-Day Seminar:

# Part 85 - Control of Hazardous Energy Sources

## 1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

This one day seminar will thoroughly discuss the requirements of MIOSHA Part 85, Control of Hazardous Energy Sources. Topics include: a complete review and interpretations of the standard; lockout and tagout requirements; minor tool change exceptions; energy control procedures and exceptions; periodic inspections; and employee training. Interactive discussions and exercises have been designed to enforce the concepts presented.

### Agenda

*We offer a flexible program agenda to emphasize the health and safety topics you want most.*

- ▶ Scope and Application
- ▶ Minor Tool Change Exemptions
- ▶ Components of a Proper Lockout/Tagout Procedure
- ▶ Types of Lockout/Tagout Devices
- ▶ Requirements of Periodic Inspections
- ▶ Training Requirements
- ▶ Group and Contractor Lockout/Tagout Responsibilities

Required Class for  
General Industry  
Level Two  
MTI Certificate

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

# Facilitator

Brian Kellogg joined the MIOSHA Consultation Education Training Division in 2010 as a Safety Consultant specializing in general industry and serves the employers/employees in the mid-Michigan area.

Prior to joining MIOSHA he was the Environmental Health and Safety Manager for an industrial air-moving equipment manufacturer with facilities located in Ohio and Indiana. Brian has experience with safety and environmental compliance in fiberglass, fabrication, welding, machine shop, foundry, paint, and assembly operations. He also spent time as an industrial equipment and machine operator. During his years in private industry Brian developed relationships with local first responder agencies, represented his employer in complaints with OSHA, and defended against citations from state and federal EPA.

Brian earned his Bachelor's degree in Environmental Science from Alaska Pacific University in 2002. Throughout his educational experiences, Brian spent time working with Alaska's marine wildlife and participated in research connected to the Exxon Valdez oil spill.

Presenters: Brian Kellogg and John Bodnar, Senior Occupational Safety Consultants; and Robert Atkins, Occupational Safety Consultant; MIOSHA-CET Division
