

An Informative Three-Day Seminar:

MIOSHA General Industry 10-Hour +

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

In today's challenging business climate, many employers are faced with the need to have their employees be capable of performing new or multiple job functions. As personnel shift to accommodate business needs, it is essential to have staff understand the importance of safety and health management and the underlying effect it has on business. In three days this fundamentals course offers the resources and tools to create or enhance an effective safety and health management system, a review of the MIOSHA Act, and highlights of many key General Industry Safety and Health Standards.

Topics include elements of a comprehensive safety and health system, recordkeeping, accident investigations, inspections and citations, written program requirements, introduction to industrial hygiene, respiratory protection, hearing conservation, bloodborne infectious diseases (BIDs), eyewash and first aid requirements, ergonomics, hazard recognition, and machine guarding.

Required Class for
General Industry
Level One
MTI Certificate

Agenda

- ▶ Accident Investigation
- ▶ Ergonomics
- ▶ First Aid, Eye Wash, and Bloodborne Infectious Diseases

New

MIOSHA Education Training Materials Have Gone Electronic

MIOSHA Training Institute (MTI) has changed the delivery of its printed education materials to an electronic format.

The student training manual and course reference materials will be provided in electronic format via email for students to download and print before class if they wish.

No hard copy textbook will be provided at the class. Upon arrival at class, each student will also receive a flash drive containing these materials which is theirs to keep. If you wish to bring a copy to class, you have the option to **download and/or print** the course materials in advance.

Important: When registering for this class, please provide your complete email address.

Remember to download your course handouts ahead of time!

Frequently Asked Questions

Q: Will I be able to print my materials at the seminar or workshop?

A: No printing services will be available. Print or download the presentation slides before you arrive for the class.

Q: What electronic format will the handouts be in?

A: All materials will be available as PDF documents.

Q: Will I be able to charge my device at the seminar or workshop?

A: We recommend that your device is fully charged before you arrive. Charging stations may not be available in the classroom.

Q: What happens if I do not receive an email?

A: In the unlikely event that you do not receive the link via email, please call the contact number listed on the next page for assistance.

Facilitator

Chris Johnson is an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. Chris currently provides consultation and training services for Southwest Michigan counties.

Before working with the State of Michigan, Chris was a Safety Chair at a MVPP STAR manufacturing facility in West Michigan. His responsibilities included incident investigation, safety training, employee engagement, and developing and working with different employee lead safety teams in order to enhance the safety culture. Chris also has previous experience in the insurance industry, working with accident and liability investigations.

Chris is a graduate of Lake Superior State University with a Bachelor of Science degree in Fire Science and is a licensed fire fighter and emergency medical technician in the State of Michigan.

Presenters: Chris Johnson and Deborah Gorkisch, Senior Occupational Safety Consultants; and Dave Humenick, Senior Industrial Hygienist; MIOSHA, CET Division
