- The Michigan Occupational Safety and Health Administration (MIOSHA) and the Central Michigan Manufacturers Association (CMMA) Safety Special Interest Group (SIG) recognize the value of establishing a collaborative relationship to foster safer and more healthful Michigan workplaces. To that end, MIOSHA and the CMMA Safety SIG hereby form an Alliance to provide CMMA Safety SIG members and others with information, guidance, and access to training resources that will help them protect the health and safety of workers, particularly by reducing and preventing exposure to workplace hazards and helping workers understand their rights and employers understand their responsibilities under the Michigan Occupational Safety and Health Act (MIOSH Act). In developing this Alliance, MIOSHA and CMMA Safety SIG recognize that MIOSHA's CET/Alliance is an integral part of this effort.
- The key goals of this alliance include:
 - Raising awareness of MIOSHA's rulemaking and enforcement initiatives
 - Developing effective safety and health training and education programs for CMMA member companies
 - Increasing outreach and communication on the recognition and prevention of workplace hazards
