R 333.209 Marihuana facility plan.

Rule 9. (1) An applicant shall submit a marihuana facility plan for the proposed marihuana facility as required in R 333.207 and upon request by the department. Upon the request of the department, an applicant or licensee may be required to submit a revised marihuana facility plan.

(2) The marihuana facility plan must include, but is not limited to, all of the following:
(a) The type of proposed marihuana facility, the location of the marihuana facility, a description of the municipality where the marihuana facility will be located, and any of the following, if applicable:
   (i) A statement in the marihuana facility plan that a combination of state operating licenses will operate as separate marihuana facilities at the same location, as provided under R 333.232.
   (ii) A statement in the marihuana facility plan that the applicant has or intends to apply to stack a license at the proposed marihuana facility as provided under R 333.220.
(b) A diagram of the marihuana facility including, but not limited to, all of the following:
   (i) The proposed facility's size and dimensions.
   (ii) Specifications of the marihuana facility.
   (iii) Physical address.
   (iv) Location of common entryways, doorways, or passageways.
   (v) Means of public entry or exit.
   (vi) Limited-access areas within the marihuana facility.
   (vii) An indication of the distinct areas or structures for separate marihuana facilities at the same location as provided in R 333.232.
(c) A detailed floor plan and layout that includes all of the following:
   (i) Dimensions of the marihuana facility including interior and exterior rooms.
   (ii) Maximum storage capabilities.
   (iii) Number of rooms.
   (iv) Dividing structures.
   (v) Fire walls.
   (vi) Entrances and exits.
   (vii) Locations of hazardous material storage.
   (viii) Quantities of hazardous materials, such as chemical, flammable/combustible liquids and gases, and the expected daily consumption of the hazardous materials.
(d) Means of egress, including, but not limited to, delivery and transfer points.
(e) Construction details for structures and fire-rated construction for required walls.
(f) Building structure information, including but not limited to, new, pre-existing, freestanding, or fixed.
(g) Building type information, including but not limited to, commercial, warehouse, industrial, retail, converted property, house, building, mercantile building, pole barn, greenhouse, laboratory, or center.
(h) Zoning classification and zoning information.
(i) If the proposed marihuana facility is in a location that contains multiple tenants and any applicable occupancy restrictions.
(j) A proposed security plan that demonstrates the proposed marihuana facility meets the security requirements specified in R 333.235.
(k) Any other information required by the department if not inconsistent with the act and these rules.

(3) Any changes or modifications to the marihuana facility plan under this rule must be reported to the department and may require preapproval by the department.

(4) The department may provide a copy of the marihuana facility plan to the BFS, local fire department, and local law enforcement for use in pre-incident review and planning.

(5) The department may reinspect the marihuana facility to verify the plan at any time and may require that the plan be resubmitted upon renewal.
Sec. 303 Require all relevant records of licensees, including financial or other statements, to be kept on the premises authorized for operation of the marihuana facility of the licensee or in the manner prescribed by the board.

R 333.210 Prelicensure investigation; proposed marihuana facility inspection.
Rule 10. (1) An applicant for a state operating license shall submit to a prelicensure physical inspection of a proposed marihuana facility, as determined by the department.
(2) The department shall establish an inspection process to confirm that the applicants and proposed marihuana facilities meet the requirements of the act and these rules.
(3) The department shall investigate an applicant in accordance with the act and these rules.
(4) The department, through its investigators, agents, auditors, or the state police, shall conduct inspections and examinations of an applicant and a proposed marihuana facility in accordance with the act and these rules.
(5) An applicant shall submit proof to the department of both of the following:
(a) A certificate of use and occupancy as required pursuant to section 13 of the Stille-DeRossett-Hale single state construction code act, 1972 PA 230, MCL 125.1513, and these rules.
(b) A fire safety inspection as specified in R 333.234.

R 10 Inspections: C of O, BFS Compliance

§303(f) Records maintained onsite

R 333.217 Inspection; investigation.
Rule 17. (1) The department shall do all of the following with respect to inspections and investigations of applicants, licensees, proposed marihuana facilities, and marihuana facility operations:
(a) Oversee and conduct inspections through its investigators, agents, auditors, or the state police of proposed marihuana facilities and marihuana facilities as provided in section 303 of the act, MCL 333.27303, to ensure compliance with the act and these rules.
(b) Investigate individuals employed by marihuana facilities.
(c) Inspect and examine marihuana facilities and proposed marihuana facilities.
(d) Inspect, examine, and audit records of the licensee.
(2) The department may at any time, through its investigators, agents, auditors, or the state police, without a warrant and without notice to the licensee, enter the proposed marihuana facility or marihuana facility, offices, or other places of business of a licensee, if evidence of compliance or noncompliance is likely to be found in accordance with the act and these rules.
(3) The department, through its investigators, agents, auditors, or the state police, may place an administrative hold on a marihuana product and order that no sales or transfers occur during an investigation for an alleged violation or violation of the act or these rules.
(4) The department, through its investigators, agents, auditors, or the state police, may inspect, examine, and audit relevant records of the licensee. If a licensee fails to cooperate with an investigation, the department through its investigators, agents, auditors, or the state police may impound, seize, assume physical control of, or summarily remove records from a proposed marihuana facility or marihuana facility.
(5) The department through its investigators, agents, auditors, or the state police may eject or exclude, or authorize the ejection or exclusion of, an individual from a proposed marihuana facility or marihuana facility if that individual violates the act, a final order, or these rules.
(6) The department through its investigators, agents, auditors, or the state police may take any reasonable or appropriate action to enforce the act and rules.
(7) This rule does not limit the application of any other remedies or sanctions that are available through local, state, and federal laws, the act, and these rules.
(8) For purposes of this rule, the term “record” means books, ledgers, documents, writings, photocopies, correspondence, electronic records, videotapes, surveillance footage, electronic storage media, electronically stored records, money receptacles, equipment in which records are stored, including data or information in the statewide monitoring system, or any other document that is used for recording information.
R 333.215 Notification and reporting.

Rule 15. (1) Applicants and licensees have a continuing duty to provide the department with up-to-date contact information and shall notify the department in writing of any changes to the mailing addresses, phone numbers, electronic mail addresses, and other contact information they provide the department.

(2) Applicants and licensees shall report any changes to the marijuana facility operations that are required in R 333.231 to R 333.238 and as required in the act and these rules, as applicable.

(3) Applicants and licensees shall report material changes to the department before making a material change that may require prior authorization by the department. Material changes include, but are not limited to, the following:

(a) Change in owners, officers, members, or managers.

(b) Change of location. Upon notification of a change in location, the department may determine that a new license and new inspection are required for the change of location.

(c) A description of a violation of an ordinance or a zoning regulation adopted pursuant to section 205 of the act, MCL 333.27205, committed by the licensee, but only if the violation relates to activities licensed under the act, the Michigan medical marijuana act, and these rules.

(d) The addition or removal of persons named in the application or disclosed.

(e) Change in entity name.

(f) Any attempted transfer, sale, or other conveyance of an interest in a license.

(g) Any change or modification to the marijuana facility for prelicensure or postlicensure that was not preinspected, inspected, or part of the marijuana facility plan or final inspection including, but not limited to, operational or method changes requiring inspection under these rules, additions or reductions in equipment or processors at a marijuana facility, increase or decrease in the size or capacity of the marijuana facility, alterations of ingress or egress, and changes that impact security, fire and building safety.

(4) An applicant or licensee shall notify the department within 1 business day of becoming aware of or should have been aware of all the following:

(a) Adverse reactions to a marijuana product sold or transferred by any licensee.

(b) Criminal convictions, charges, or civil judgments against an applicant or licensee in this state or any other state.

(c) Regulatory disciplinary action taken or determined against an applicant or licensee by this state or any other state, including any pending action.

(5) Failure to report material changes pursuant to subrule (3) of this rule or notifications under subrule (4) of this rule may result in sanctions or fines, or both.

§ 406ADHERENCE TO:

Each license is exclusive to the licensee, and a licensee or any other person must apply for and receive the board’s approval before a license is transferred, sold, or purchased.

(No, means - The attempted transfer, sale, or other conveyance of an interest of more than 1% in a license without prior board approval).
### §504 Provisioning Center Authorization Information

Sec. 504. (1) A provisioning center license authorizes the purchase or transfer of marihuana only from a grower or processor and sale or transfer to only a registered qualifying patient or registered primary caregiver. Except as otherwise provided in section 505 and this subsection, all transfers of marihuana to a provisioning center from a separate marihuana facility must be by means of a secure transporter. A transfer of marihuana to a provisioning center from a marihuana facility that occupies the same location as the provisioning center does not require a secure transporter if the marihuana is transferred to the provisioning center using only private real property without accessing public roadways.

(2) A provisioning center license authorizes the provisioning center to transfer marihuana to or from a safety compliance facility for testing by means of a secure transporter or as provided in section 505.

(3) To be eligible for a provisioning center license, the applicant and each investor in the provisioning center must not have an interest in a secure transporter or safety compliance facility.

(4) A provisioning center shall comply with all of the following:
   (a) Sell or transfer marihuana to a registered qualifying patient or registered primary caregiver only after it has been tested and bears the label required for retail sale.
   (b) Enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.
   (c) Before selling or transferring marihuana to a registered qualifying patient or to a registered primary caregiver on behalf of a registered qualifying patient, inquire of the statewide monitoring system to determine whether the patient and, if applicable, the caregiver hold a valid, current, unexpired, and unrevoked registry identification card and that the sale or transfer will not exceed the daily and monthly purchasing limit established by the medical marihuana licensing board under this act.
   (d) Not allow the sale, consumption, or use of alcohol or tobacco products on the premises.
   (e) Not allow a physician to conduct a medical examination or issue a medical certification document on the premises for the purpose of obtaining a registry identification card.

### R 16 Diversion, Theft, Loss, or Criminal Activity Contact Info

ADHERENCE TO: R 333.216 Notifications of diversion, theft, loss, or criminal activity pertaining to marihuana product.

Rule 16. (1) A licensee and an applicant shall notify the department, state police, and local law enforcement authorities within 24 hours of becoming aware of or should have been aware of the theft or loss of any marihuana product or criminal activity at the marihuana facility.

(2) Failure to notify as required under subrule (1) of this rule may result in sanctions or fines, or both.

## OPERATIONS

### R 31
#### General:
- Partitioning, Food, alcohol, tobacco, use of marihuana onsite, Restricted access, Visitor log, License posting

R 333.231 State operating licenses; licensees; operations; general.

Rule 31. (1) A state operating license and a stacked license as described in R 333.220 are limited to the scope of the state operating license issued for that type of marihuana facility that is located within the municipal boundaries connected with the license.

(2) A licensee shall comply with all of the following:
   - Marihuana facilities shall be partitioned from any other marihuana facility, activity, business, or dwelling. Marihuana facilities shall not allow onsite or as part of the marihuana facility any of the following:
     - Sale, consumption, or serving of food except for as provided in R 333.281.
     - Sale, consumption, or use of alcohol or tobacco products.
     - Consumption, use, or inhalation of a marihuana product.
   - A marihuana facility shall have distinct and identifiable areas with designated structures that are contiguous and specific to the state operating license.
   - A marihuana facility shall have separate entrances and exits, inventory, record keeping, and point of sale operations, if applicable.
   - Access to the marihuana facility is restricted to the licensee; employees of the licensee; and, the department through its investigators, agents, auditors, or the state police. A provisioning center may grant access as provided in R 333.233(3) to registered qualifying patients and registered primary caregivers with valid registry cards to a dedicated point of sale area. A separate waiting area may be created for visitors not authorized to enter the marihuana facility. The licensee shall maintain a log tracking all visitors to a marihuana facility. The visitor log must be available at all times for inspection by the department through its investigators, agents, auditors, or the state police to determine compliance with the act and these rules.
   - Licensee records must be maintained and made available to the department upon request.
   - The marihuana facility must be at a fixed location. Mobile marihuana facilities and drive through operations are prohibited. Any sales or transfers of marihuana product by internet or mail order, consignment, or at wholesale are prohibited.
   - A state operating license issued under the act must be framed under a transparent material and prominently displayed in the marihuana facility.

(3) A marihuana facility must comply with any other operational measures requested by the department that are not inconsistent with the act and these rules.

### R 32
#### Same Location Operations

R 333.232 Operation at same location.

Rule 32. (1) A licensee that has any combination of state operating licenses may operate separate marihuana facilities at the same location. For purposes of this rule, a stacked license is considered a single marihuana facility.

(2) To operate at the same location subject to subrule (1) of this rule, all of the following requirements must be met:
   - The department has authorized the proposed operation at the same location.
   - The operation at the same location is not in violation of any local ordinances or regulations.
   - The operation at the same location does not circumvent a municipal ordinance or zoning regulation that limits the type or number of marihuana facilities under section 205 of the act, MCL 333.27205, or prohibits the operation at the same location.

(3) The licensee of each marihuana facility operating at the same location under this rule shall do all the following:
   - Apply for and be granted separate state operating licenses and pay a separate regulatory assessment for each state operating license.
   - Have distinct and identifiable areas with designated structures that are contiguous and specific to the state operating license.
   - Have separate entrances and exits, inventory, record keeping, and point of sale operations, if applicable.
   - Post the state operating license on the wall in its distinct area and as provided in these rules.
   - Obtain any additional inspections and permits required for local or state building inspection, fire services, and public health standards.
   - Comply with the provisions in the act and these rules.

(3) Operation of a state operating license at the same location that includes a licensed provisioning center shall have the entrance and exit to the licensed provisioning center marihuana facility and entire inventory physically separated from any of the other licensed marihuana facility or facilities so that individuals can clearly identify the retail entrance and exit.
R 33 Provisioning Center Requirements

R 33.233 Marihuana facilities; requirements.
Rule 33. (3) A provisioning center shall have a separate room that is dedicated as the point of sale area for the transfer or sale of marihuana product as provided in the act and these rules. The provisioning center shall keep marihuana products behind a counter or other barrier to ensure that a registered qualifying patient or registered primary caregiver does not have direct access to the marihuana products. The sale or transfer of a marihuana product to a registered qualifying patient who is under the age of 18 must be made by the provisioning center to the registered qualifying patient’s parent or legal guardian who serves as the registered qualifying patient’s registered primary caregiver.
(4) A marihuana facility shall ensure that the handling of marihuana product is done in compliance with current good manufacturing practice in manufacturing, packing, or holding human food, 21 CFR part 110.
(5) A marihuana facility shall enter in the statewide monitoring system all transactions including, but not limited to, current inventory. These records must be maintained and made available to the department upon request.

Sec. 207. A licensee shall adopt and use a third-party inventory control and tracking system that is capable of interfacing with the statewide monitoring system to allow the licensee to enter or access information in the statewide monitoring system as required under this act and rules. The third-party inventory control and tracking system must have all of the following capabilities necessary for the licensee to comply with the requirements applicable to the licensee’s license type:
(a) Tracking all marihuana plants, products, packages, patient and primary caregiver purchase totals, waste, transfers, conversions, sales, and returns that are linked to unique identification numbers.
(b) Tracking lot and batch information throughout the entire chain of custody.
(c) Tracking all products, conversions, and derivatives throughout the entire chain of custody.
(d) Tracking marihuana plant, batch, and product destruction.
(e) Tracking transportation of product.
(f) Performing complete batch recall tracking that clearly identifies all of the following details relating to the specific batch subject to the recall:
   (i) Sold product.
   (ii) Product inventory that is finished and available for sale.
   (iii) Product that is in the process of transfer.
   (iv) Product being processed into another form.
   (v) Postharvest raw product, such as product that is in the drying, trimming, or curing process.
   (g) Reporting and tracking loss, theft, or diversion of product containing marihuana.
   (h) Reporting and tracking all inventory discrepancies.
   (i) Reporting and tracking adverse patient responses or dose-related efficacy issues.
   (j) Reporting and tracking all sales and refunds.
   (k) Electronically receiving and transmitting information as required under this act, the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430, and the marihuana tracking act.
   (l) Receiving testing results electronically from a safety compliance facility via a secured application program interface into the system and directly linking the testing results to each applicable source batch and sample.
   (m) Identifying test results that may have been altered.
   (n) Providing the licensee with access to information in the tracking system that is necessary to verify that the licensee is carrying out the marihuana transactions authorized under the licensee’s license in accordance with this act.
(o) Providing information to cross-check that product sales are made to a registered qualifying patient or a registered primary caregiver on behalf of a registered qualifying patient and that the product received the required testing.
(p) Providing the department and state agencies with access to information in the database that they are authorized to access.
(q) Providing law enforcement agencies with access to only the information in the database that is necessary to verify that an individual possesses a valid and current registry identification card.
(r) Providing licensees with access only to the information in the system that they are required to receive before a sale, transfer, transport, or other activity authorized under a license issued under this act.
(s) Securing the confidentiality of information in the database by preventing access by a person who is not authorized to access the statewide monitoring system or is not authorized to access the particular information.
(t) Providing analytics to the department regarding key performance indicators such as the following:
   (i) Total daily sales.
   (ii) Total marihuana plants in production.
   (iii) Total marihuana plants destroyed.
   (iv) Total inventory adjustments.

Sec. 501(8c)
Enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.

</table>
| Rule 35. (1) An applicant for a license to operate a proposed marihuana facility shall submit a security plan that demonstrates, at a minimum, the ability to meet the requirements of this rule.
(2) A licensee shall ensure that any person at the marihuana facility, except for employees of the licensee, are escorted at all times by the licensee or an employee of the licensee when in the limited-access areas at the marihuana facility.
(3) A licensee shall securely lock the marihuana facility, including all interior rooms, windows, and points of entry and exits, with commercial-grade, nonresidential door locks. Locks on doors that are required for egress shall meet the requirements of NFPA 1, local fire codes, and the Michigan building code.
(4) A licensee shall maintain an alarm system at the marihuana facility. Upon request, a licensee shall make available to the department all information related to the alarm system, monitoring, and alarm activity.
(5) A licensee shall have a video surveillance system that, at a minimum, consists of digital or network video recorders, cameras capable of meeting the recording requirements in this rule, video monitors, digital archiving devices, and a color printer capable of delivering still photos.
(6) A licensee shall ensure the video surveillance system does all the following:
   (a) Records, at a minimum, the following areas:
      (i) Any areas where marihuana products are weighed, packed, stored, loaded, and unloaded for transportation, prepared, or moved within the marihuana facility.
      (ii) Limited-access areas and security rooms. Transfers between rooms must be recorded.
      (iii) Areas storing a surveillance system storage device with not less than 1 camera recording the access points to the secured surveillance recording area.
      (iv) The entrances and exits to the building must be recorded from both indoor and outdoor vantage points. The areas of entrance and exit between marihuana facilities at the same location if applicable, including any transfers between marihuana facilities.
      (v) Point of sale areas where marihuana products are sold and displayed for sale.
   (b) Records at all times images effectively and efficiently of the area under surveillance with a minimum of 720p resolution.

21
(7) A licensee shall install each camera so that it is permanently mounted and in a fixed location. Each camera must be placed in a location that allows the camera to clearly record activity occurring within 20 feet of all points of entry and exit on the marihuana facility and allows for the clear and certain identification of any person, including facial features, and activities, including sales or transfers, in all areas required to be recorded under these rules.

(8) A licensee shall have cameras that record continuously 24 hours per day and recorded images must clearly and accurately display the time and date.

(9) A licensee shall secure the physical media or storage device on which surveillance recordings are stored in a manner to protect the recording from tampering or theft.

(10) A licensee shall keep surveillance recordings for a minimum of 30 days, except in instances of investigation or inspection by the department, through its investigators, agents, auditors, or the state police, in which case the licensee shall retain the recordings until the time as the department notifies the licensee that the recordings may be destroyed.

(11) Surveillance recordings of the licensee are subject to inspection by the department, through its investigators, agents, auditors, or the state police, and must be kept in a manner that allows the department to view and obtain copies of the recordings at the marihuana facility immediately upon request. The licensee shall also send or otherwise provide copies of the recordings to the department upon request within the time specified by the department.

(12) A licensee shall maintain a video surveillance system equipped with a failure notification system that provides notification to the licensee of any interruption or failure of the video surveillance system or video surveillance system storage device.

(13) A licensee shall maintain a log of the recordings, which includes all of the following:

(a) The identities of the employee or employees responsible for monitoring the video surveillance system.

(b) The identity of the employee who removed the recording from the video surveillance system storage device and the time and date removed.

(c) The identity of the employee who destroyed any recording.
R 333.237 Marihuana product destruction and waste management.

Rule 37. (1) A marihuana product that is to be destroyed or is considered waste must be rendered into an unusable and unrecognizable form through grinding and incorporating the marihuana product waste with the non-consumable solid waste specified in subdivisions (a) to (h) of this subrule so that the resulting mixture is not less than 50% non-marihuana product waste:
   (a) Paper waste.
   (b) Plastic waste.
   (c) Cardboard waste.
   (d) Food waste.
   (e) Grease or other compostable oil waste.
   (f) Fermented organic matter or other compost activators.
   (g) Other wastes approved by the department that will render the marihuana product waste unusable and unrecognizable.
   (h) Soil.

(2) A marihuana product rendered unusable and unrecognizable and, therefore, considered waste, must be recorded in the statewide monitoring system.

(3) A licensee shall not sell marihuana waste or marihuana products that are to be destroyed, or that the department orders destroyed.

(4) A licensee shall manage all waste that is hazardous waste pursuant to part 111 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.11101 to 324.11153.

(5) A licensee shall dispose of marihuana product waste in a secured waste receptacle using 1 or more of the following methods that complies with applicable state and local laws and regulations:
   (a) A manned and permitted solid waste landfill.
   (b) A manned compostable materials operation or facility.
   (c) An in-vessel digester.
   (d) An incineration method approved by state and local laws and regulations.

(6) A licensee shall dispose of wastewater generated during the cultivation of marihuana and the processing of marihuana products in a manner that complies with applicable state and local laws and regulations.

(7) A licensee shall maintain accurate and comprehensive records regarding marihuana product waste that accounts for, reconciles, and evidences all waste activity related to the disposal. The department may publish guidance on marihuana product waste management.

(8) For the purposes of this rule, “unrecognizable” means marihuana product rendered indistinguishable from any other plant material.
### R 38 Storage

- **Rule 38. (1)** All inventories of marihuana products must be stored at a marihuana facility in a secured limited access area or restricted access area and must be identified and tracked consistently in the statewide monitoring system under the act, the marihuana tracking act, or these rules.

- **Rule 38. (2)** All containers used to store marihuana products for transfer or sale between marihuana facilities must be clearly marked, labeled, or tagged, if applicable, and enclosed on all sides in secured containers. The secured containers must be latched or locked in a manner to keep all contents secured within. Each secured container must be identified and tracked in accordance with the act, the marihuana tracking act, and these rules.

- **Rule 38. (3)** All chemicals or solvents must be stored separately from marihuana products and kept in locked storage areas.

- **Rule 38. (4)** Marihuana-infused products, edible marihuana products, or materials used in direct contact with such marihuana-infused products or edible marihuana products, must have separate storage areas from toxic or flammable materials.

- **Rule 38. (5)** Edible marihuana products must be stored in compliance with current good manufacturing practice in manufacturing, packing, or holding human food, 21 CFR part 110. Edible marihuana products not in final packaging must be stored separately from other types of marihuana product in compliance with these rules.

- **Rule 38. (6)** A provisioning center shall store all marihuana products for transfer or sale behind a counter or other barrier separated from stock rooms.

- **Rule 38. (7)** A safety compliance facility shall establish an adequate chain of custody and instructions for sample and storage requirements.

- **Rule 38. (8)** A licensee shall ensure that any stock or storage room meets the security requirements of these rules and any other applicable requirements in the act and these rules.

### R 36 Prohibitions

- **Rule 36. (1)** Marihuana products not identified and recorded in the statewide monitoring system pursuant to the act, the marihuana tracking act, or these rules must not be at a marihuana facility. A licensee shall not transfer or sell a marihuana product that is not identified in the statewide monitoring system pursuant to the act or these rules.

- **Rule 36. (2)** Any marihuana product without a batch number or identification tag or label pursuant to these rules must not be at a marihuana facility. A licensee shall immediately tag, identify, or record as part of a batch in the statewide monitoring system any marihuana product as provided in these rules.

- **Rule 36. (3)** A violation of these rules may result in sanctions or fines, or both, in accordance with the act or these rules.

### Testing

- **Rule 45 Plant batches; testing procedures.**

- **Rule 45. (7)** A grower shall not transfer or sell any marihuana product that has not been packaged with a package tag attached and recorded in the statewide monitoring system in accordance with the act, the marihuana tracking act, and these rules.

- **Rule 45. (9)** After a package is created by a processor of the marihuana product in its final state, the processor shall have the sample tested pursuant to R 333.247 and R 333.248. The processor shall not transfer or sell a final package until after test results indicate a passed test.

- **Rule 45. (10)** After a provisioning center receives or purchases a marihuana product in the statewide monitoring system, a licensee may sell or transfer marihuana product only to a registered qualifying patient or registered primary caregiver under both of the following conditions:
  - (a) The marihuana product has received passing test results in the statewide monitoring system. If the information cannot be confirmed, the marihuana product must be tested by a safety compliance facility and receive passing test results before sale or transfer.
  - (b) The marihuana product bears the label required for retail sale under the act and these rules.
R 333.261 Requirements and restrictions on marihuana-infused products; edible marihuana product.

(4) Marihuana-infused products must be stored and secured as prescribed under these rules.

(5) At a minimum, a processor shall label any marihuana-infused product it produces or packages with all of the following:

(a) The name and address of the marihuana facility that processes or packages the marihuana-infused product.

(b) The name of the marihuana-infused product.

(c) The ingredients of the marihuana-infused product, in descending order of predominance by weight.

(d) The net weight or net volume of the product.

(e) For an edible marihuana product, the processor shall comply with subdivisions (a) to (d) of this subrule and all of the following:

(i) Allergen labeling as specified by the Food and Drug Administration (FDA), Food Allergen Labeling and Consumer Protection Act of 2004 (FALCPA), 21 USC 343.

(iii) The following statement printed in at least the equivalent of 11-point font size in a color that provides a clear contrast to the background: "Made in a marihuana facility."

(6) A processor of edible marihuana product shall comply with all the following to ensure safe preparation:

(a) 21 CFR part 110. Any potentially hazardous ingredients used to process shelf-stable edible marihuana products must be stored at 40 degrees Fahrenheit, 4.4 degrees Celsius, or below.

(b) Provide employee training on safe food handling and demonstrate an employee’s completion of this training by providing proof of food handler certification that includes documentation of employee food handler training, including, but not limited to, allergens and proper sanitation and safe food handling techniques. Any course taken pursuant to this rule must be conducted for not less than 2 hours and cover the following subjects:

(i) Causes of foodborne illness, highly susceptible populations, and worker illness.

(ii) Personal hygiene and food handling practices.

(iii) Approved sources of food.

(iv) Potentially hazardous foods and food temperatures.
Edibles Labels and Max THC Labeling

Storage

Rule 71. (1) All marihuana products sold or transferred between marihuana facilities must have the tracking identification numbers that are assigned by the statewide monitoring system affixed, tagged, or labeled and recorded, and any other information required by the department, the act, and these rules.

(2) To ensure access to safe sources of marihuana products, the department, if alerted in the statewide monitoring system, may recall any marihuana products, issue safety warnings, and require a marihuana facility to provide information material or notifications to a registered qualifying patient or registered primary caregiver at the point of sale.

R 62 Max THC

R 333.262 Maximum THC levels for marihuana-infused products.

Rule 62. Marihuana-infused products processed, sold, or transferred through provisioning centers must not exceed the maximum THC levels as established by the department. For the purposes of maximum THC levels for marihuana-infused products, the department shall publish a list of maximum THC concentration and serving size limits.

SALE OR TRANSFER

R 71 Labeling

R 333.271 Tracking identification; labeling requirements; general.

Rule 71. (1) All marihuana products sold or transferred between marihuana facilities must have the tracking identification numbers that are assigned by the statewide monitoring system affixed, tagged, or labeled and recorded, and any other information required by the department, the act, and these rules.

(2) To ensure access to safe sources of marihuana products, the department, if alerted in the statewide monitoring system, may recall any marihuana products, issue safety warnings, and require a marihuana facility to provide information material or notifications to a registered qualifying patient or registered primary caregiver at the point of sale.
R 333.272 Marihuana plant; tracking requirements.
Rule 72. Before a marihuana plant is sold or transferred, a package tag must be affixed to the plant or plant container and enclosed with a tamper proof seal that includes all of the following information:
(a) Business or trade name, licensee number, and the RFID package tag assigned by the statewide monitoring system that is visible.
(b) Name of the strain.
(c) Date of harvest, if applicable.
(d) Seed strain, if applicable.
(e) Universal symbol, if applicable.

R 333.273 Marihuana product sale or transfer; labeling and packaging requirements.
Rule 73. (1) Before a marihuana product is sold or transferred to or by a provisioning center, the container, bag, or product holding the marihuana product must have a label and be sealed with all of the following information:
(a) The name of the licensee and the license number of the producer, including business or trade name, and tag or source number as assigned by the statewide monitoring system.
(b) The name of the licensee and the license number including business or trade name of licensee that packaged the product, if different from the processor of the marihuana product.
(c) The unique identification number for the package or the harvest, if applicable.
(d) Date of harvest, if applicable.
(e) Name of strain, if applicable.
(f) Net weight in United States customary and metric units.
(g) Concentration of THC and cannabidiol (CBD).
(h) Activation time expressed in words or through a pictogram.
(i) Name of the safety compliance facility that performed any test, any associated test batch number, and any test analysis date.
(j) The universal symbol for marihuana product published on the department’s website.
(k) A warning that states all the following:
   (i) "For use by registered qualifying patients only. Keep out of reach of children."
   (ii) "It is illegal to drive a motor vehicle while under the influence of marihuana."
   (iii) “National Poison Control Center 1-800-222-1222.”
(2) An edible marihuana product sold by a provisioning center must comply with R 333.261(7).
R 333.274 Sale or transfer; provisioning centers.
Rule 74. (1) A provisioning center may sell or transfer a marihuana product to a registered qualifying patient or a registered primary caregiver if all of the following are met:
(a) The licensee verifies with the statewide monitoring system that the registered qualifying patient or a registered primary caregiver holds a valid, current, unexpired, and unrevoked registry identification card.
(b) The licensee confirms that the registered qualifying patient or the registered primary caregiver presented his or her valid driver license or government-issued identification card that bears a photographic image of the qualifying patient or primary caregiver.
(c) The licensee determines, if completed, any transfer or sale will not exceed the purchasing limit prescribed in R 333.275.
(d) Any marihuana product that is sold or transferred under this rule has been tested and is labelled and packaged for sale or transfer in accordance with R 333.273.

(2) A provisioning center may sell or transfer a marihuana product to a visiting qualifying patient if all of the following are met:
(a) The licensee verifies that the visiting qualifying patient has a valid unexpired medical marihuana registry card, or its equivalent issued in another state, district, territory, commonwealth, or insular possession of the United States that allows the medical use of marihuana.
(b) The licensee confirms that the visiting qualifying patient presented his or her valid driver license or government-issued identification card that bears a photographic image of the visiting qualifying patient.
(c) The licensee determines, if completed, that any transfer or sale will not exceed the purchasing limit prescribed in R 333.275.
(d) Any marihuana product that is sold or transferred under this rule has been tested and is labelled and packaged for sale or transfer in accordance with R 333.273.
(e) As used in this subrule, “visiting qualifying patient” means that term as defined in section 3 of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26423.

(3) A provisioning center shall enter all transactions, current inventory, and other information required by these rules in the statewide monitoring system in compliance with the act, marihuana tracking act, and these rules. The provisioning center shall maintain appropriate records of all sales or transfers under the act and these rules and make them available to the department through its investigators, agents, auditors, or the state police upon request.

R 333.275 Daily purchasing limits; monthly purchasing limits; provisioning center.
Rule 75. (1) Before the sale or transfer of marihuana product to a registered qualifying patient or registered primary caregiver, the licensee shall verify in the statewide monitoring system that the sale or transfer does not exceed either of the daily purchasing limits as follows:
(a) For a registered qualifying patient, an amount of marihuana product that does not, in total, exceed 2.5 ounces per day.
(b) For a registered primary caregiver, an amount of marihuana product that does not, in total, exceed 2.5 ounces per day for each registered qualifying patient with whom he or she is connected through the department’s registration process.

(2) Before the sale or transfer of marihuana product to a registered qualifying patient or registered primary caregiver, the licensee shall verify in the statewide monitoring system that the sale or transfer does not exceed the monthly purchasing limit of 10 ounces of marihuana product per month to a qualifying patient, either directly or through the qualifying patient’s registered primary caregiver.
### R 76 Marketing & Advertising

**R 333.276 Marketing and advertising restrictions.**

**Rule 76.**

1. A marihuana facility shall comply with all municipal ordinances, state law, and these rules that regulate signs and advertising.
2. A licensee shall not engage in advertising that is deceptive, false, or misleading. A licensee shall not make any deceptive, false, or misleading assertions or statements on any marihuana product, any sign, or any document provided.
3. A licensee shall not advertise a marihuana product where the advertisement is visible to members of the public from any street, sidewalk, park, or other public place. A licensee shall not advertise or market a marihuana product to members of the public unless the licensee has reliable evidence that no more than 30 percent of the audience or readership for the television program, radio program, internet web site, or print publication, is reasonably expected to be aged 17 years or younger. Any marihuana product advertised or marketed under this rule shall include the warnings listed in R 333.273(1)(k).
4. A marihuana product must be marketed or advertised as “medical marihuana” for use only by registered qualifying patients or registered primary caregivers.
5. A marihuana product must not be marketed or advertised to minors aged 17 years or younger. Sponsorships targeted to members aged 17 years or younger are prohibited.

### EMPLOYEES

**R 333.281 Employees; requirements.**

**Rule 81.**

1. A licensee shall conduct a criminal history background check on any prospective employee before hiring that individual pursuant to section 405 of the act, MCL 333.27405. A licensee shall keep records of the results of the criminal history background checks. A licensee shall record confirmation of criminal history background checks and make the confirmation available for inspection upon request by the department through its investigators, agents, auditors, or the state police.
2. A licensee shall comply with all of the following:
   
   (a) Have a policy in place that requires employees to report any new or pending charges or convictions. If an employee is charged or convicted for a controlled substance-related felony or any other felony, the licensee shall report it immediately to the department.
   (b) Enter in the statewide monitoring system the employee’s information and level of statewide monitoring system access within 7 business days of hiring for the system to assign an employee identification number. The licensee shall update in the statewide monitoring system employee information and changes in status or access within 7 business days.
   (c) If an employee is no longer employed by a licensee, the licensee shall remove that employee’s access and permissions to the marihuana facility and the statewide monitoring system.
   (d) Train employees and have an employee training manual that includes, but is not limited to, employee safety procedures, employee guidelines, security protocol, and educational training, including, but not limited to, marihuana product information, dosage and purchasing limits if applicable, or educational materials.
   (e) Establish point of sale or transfer procedures for employees at provisioning centers performing any transfers or sales to registered qualifying patients and registered primary caregivers. The point of sale or transfer procedures must include, but are not limited to, training in dosage, marihuana product information, health or educational materials, point of sale training, purchasing limits, CBD and THC information, serving size, and consumption information including any warnings.
   (f) Screen prospective employees against a list of excluded employees based on a report or investigation maintained by the department.
   (g) When a registered primary caregiver is hired as an employee of a grower, processor, or secure transporter, the licensee or the individual shall withdraw registration as a registered primary caregiver in a manner established by the department.
(h) A licensee shall ensure that employees handle marihuana product in compliance with current good manufacturing process in manufacturing, packing, or holding human food, 21 CFR part 110, as specified in R. 333.233.

(3) If an individual is present at a marihuana facility or in a secure transporter vehicle who is not identified as a licensee or an employee of the licensee in the statewide monitoring system or is in violation of the act or these rules, the department, through its investigators, agents, auditors, or the state police may take any action permitted under the act and these rules.

(4) Employee records are subject to inspection or examination by the department, through its investigators, agents, auditors, or the state police to determine compliance with the act or these rules.

(5) Consumption of food by employees is prohibited where marihuana product is stored, processed or packaged or where hazardous materials are used, handled or stored unless the marihuana facility has an employee designated area that includes, but is not limited to, a room with floor to ceiling walls and a door that separates the room from any marihuana product.

(6) As used in this rule “employee” includes, but is not limited to, hourly employees, contract employees, trainees, or any other person given any type of employee credentials or authorized access to the marihuana facility. Trade services provided by individuals not normally engaged in the operation of a marihuana facility, except for those individuals required to have employee credentials under this rule, must be reasonably monitored, logged in as a visitor, and escorted through any limited access areas.

§ 405
Before hiring a prospective employee, the holder of a license shall conduct a background check of the prospective employee. If the background check indicates a pending charge or conviction within the past 10 years for a controlled substance-related felony, a licensee shall not hire the prospective employee without written permission of the board.

R 333.282 Provisioning center home delivery employees; patient home delivery; limited circumstances.

Rule 82. (1) A provisioning center may employ an individual to engage in the home delivery of a marihuana product for sale or transfer to a registered qualifying patient.

(2) A provisioning center that employs an individual under subrule (1) of this rule shall establish procedures as specified in this rule to allow an employee of the provisioning center to deliver a marihuana product to a patient at the patient’s home address. All of the following procedures apply to the home delivery procedures established by a provisioning center:

(a) For the purposes of this rule only, a licensee may accept an online order of a marihuana product and payment for the order that will be delivered to the home of the registered qualifying patient as provided in this rule. An online order and payment must be received through a secure website that authenticates access by the registered qualifying patient. A provisioning center shall ensure that only an authenticated and verified registered qualifying patient may view on the provisioning center’s website a marihuana product that is available for home delivery.

(b) The provisioning center creates a home delivery procedure that is subject to inspection and examination including, but not limited to, record keeping and tracking requirements. The department may publish guidelines on the recommended procedure.

(c) The home delivery employee meets the requirements in R 333.281 and is an employee of the provisioning center.

(d) Any other home delivery procedures required in this rule.

(e) The department has authorized the provisioning center licensee’s proposed registered qualifying patient home delivery procedure.

(3) A provisioning center that has received authorization under subrule (2) of this rule shall comply with all of the following:

(a) The provisioning center shall verify that the sale or transfer to the registered qualifying patient is in accordance with R 333.274 and this rule. The home delivery employee may take cash payment upon delivery and shall deliver the marihuana product only to the physical home address of the registered qualifying patient.

(b) The amount of marihuana product that may be delivered is limited to the daily and monthly purchase limits of the registered qualifying patient as provided in R 333.275.

(c) The provisioning center shall record all transactions in the statewide monitoring system as required in the act and these rules.
(d) An employee of the provisioning center shall make home deliveries only to a registered qualifying patient. A home delivery employee shall verify that the person taking delivery is the registered qualifying patient who has been recorded in the statewide monitoring system.

(e) The authorization granted to a provisioning center pursuant to subrule (2) of this rule may be denied, suspended, or withdrawn by the department. The provisioning center may be subject to other sanctions and fines as provided in the act and these rules.

(4) A provisioning center shall maintain records of all of the following that are required to be made available to the department through its investigators, agents, auditors, or the state police upon request:

(a) Verification in the statewide monitoring system that the registered qualifying patient holds a valid, current, unexpired, and unrevoked registry identification card as required in R 333.274 and this rule.

(b) Confirmation that the registered qualifying patient presented his or her valid driver license or government-issued identification card that bears a photographic image of the patient as required in R 333.274 at the time of home delivery.

(c) Validation that the address for home delivery of a marihuana product is the home address of the registered qualifying patient.

(d) Documentation that the registered qualifying patient has consented to the home delivery of marihuana product. The consent must include an acknowledgement by the patient for the release of information necessary in fulfilling the home delivery.

(e) Maintenance of the following records for any motor vehicle used for home delivery and the making of the records available to the department through its investigators, agents, auditors, or the state police upon request: the vehicle’s make, model, color, vehicle identification number, license plate number, and vehicle registration.

(5) A home delivery employee shall carry a copy of all of the following information and shall make these records available to the department through its investigators, agents, auditors, or the state police upon request:

(a) The employee identification number required under R 333.281.

(b) The provisioning center licensee license number.

(c) The address of the provisioning center licensee.

(d) Contact information of the provisioning center licensee.

(e) A copy of the provisioning center’s home delivery log as required in subrule (10) of this rule.

(6) A home delivery employee shall have access to a secure form of communication with the provisioning center licensee, such as a cellular telephone, at all times in the vehicle or on his or her person.

(7) To ensure the integrity of the provisioning center operation, a home delivery employee shall comply with all the following:

(a) During home delivery, the home delivery employee shall maintain a physical or electronic copy of the home delivery request and shall make the home delivery request available to the department through its investigators, agents, auditors, or the state police upon request.

(b) A home delivery employee shall not leave a marihuana product in an unattended motor vehicle unless the motor vehicle is locked and equipped with an active vehicle alarm system.

(c) A home delivery employee’s vehicle must contain a global positioning system (GPS) device for identifying the geographic location of the delivery vehicle. The device must be either permanently or temporarily affixed to the delivery vehicle while the delivery vehicle is in operation, and the device must remain active and in the possession of the delivery employee at all times during delivery. At all times, the provisioning center must be able to identify the geographic location of all home delivery vehicles and home delivery employees who are making home deliveries for the provisioning center and shall provide that information to the department through its investigators, agents, auditors, or the state police upon request.

(d) While making home deliveries, a home delivery employee shall travel only from the provisioning center’s licensed marihuana facility to the delivery addresses and back to the provisioning center. A home delivery employee shall make no more than 10 registered qualifying patient home deliveries per trip before returning to the provisioning center. A home delivery employee shall not deviate from the home delivery limit or delivery path described in this subrule except in an emergency that is reported to the provisioning center and documented in the statewide monitoring system. A home delivery employee may refuel the vehicle during a stop that is reported and documented in the statewide monitoring system.

(e) While making home deliveries, a home delivery employee shall not carry marihuana product valued in excess of the amount of the registered qualifying patient’s delivery of the marihuana product at any time. A provisioning center shall have a procedure subject to department approval that establishes the amount of money a home delivery employee is allowed to have on his or her person at any 1 time during the home delivery process. All transactions must be completed in 1 business day and any money collected during the delivery process must be returned to the provisioning center.
EXIT INTERVIEW

Review violations identified during inspection.
Review informational points regarding facility plan accuracy, floor plan accuracy, and inspector accessed all areas of marihuana facility.
Discuss timeline for next inspection.

(f) A home delivery employee of a provisioning center shall not be employed as a home delivery employee for multiple provisioning centers.

(8) A provisioning center shall ensure that home deliveries are completed in a timely and efficient manner as provided on the home delivery request and log. All home deliveries must occur within the business hours of the provisioning center. During a home delivery, a home delivery employee shall not store a marihuana product in a vehicle used for home deliveries other than in a secured compartment. Marihuana product for home delivery must be packaged separately per home delivery order and not comingled during the delivery and stored within a secured compartment that is clearly marked, latched or locked in a manner to keep all contents secured within.

(9) The process of home delivery begins when the delivery employee leaves the provisioning center’s marihuana facility with the marihuana product for delivery. The process of home delivery ends when the delivery employee returns to the provisioning center’s licensed marihuana facility after delivering the marihuana product to the registered qualifying patient.

(10) A provisioning center shall maintain a record of each delivery of a marihuana product in a home delivery log, which may be a hard copy or electronic format, and make the home delivery log available to the department through its investigators, agents, auditors, or the state police upon request. For each delivery, the home delivery log must record all of the following:
(a) The date and time that the delivery began and ended.
(b) The name of the home delivery employee.
(c) The amount of marihuana product allowed to be possessed for delivery.
(d) The lot number of the marihuana product and the name of the strain of that marihuana product.
(e) The signature of the registered qualifying patient who accepted delivery.

(11) A provisioning center shall notify the department, state police, or local law enforcement of any theft, loss of marihuana product, or criminal activity as provided in R 333.216. A provisioning center shall report to the department and law enforcement, if applicable, any other event occurring during home delivery that violates the home delivery procedure as provided in this rule, including delivery vehicle accidents and diversion of marihuana product.

(12) This rule does not affect the application of any applicable local, state, or federal laws or regulations.
