RE: WARN Act

Dear Krista Johnson,

This letter is to notify you and your office that our facility located and named above is conducting a temporary shutdown and is effective March 23rd, 2020. This shutdown will create a layoff of up to at least 33% of our workforce. This temporary shutdown is due to the recent coronavirus protective measure that has recently been put in place by our State Governor.

At this time we do not have an expected return to work date, but, can give a tentative date of April 13th, 2020 due to the fact that this is currently the end date for the government mandated shut in.

The following positions and headcount could be subjected to a temporary lay off:

Production Operator: 150 employees
Salaried Office Personnel: 35 employees
Quality Inspection: 11 employees
Materials/ Shipping: 15 employees
Maintenance personnel: 14 employees

At Eagle Industries Incorporated, bumping rights do not exist. There are no union represented employees at Eagle Industries Incorporated.

Sincerely,

Donna Yelinek
Human Resources Manager
