Continuing ED Talks

Discover over Dinner

May 5, 2021

5:00 p.m. - 6:30 p.m.

Michael Wolff, PsyD, ABPdN

Presents

The Complexity of Autism Spectrum Disorders

A
Webinar

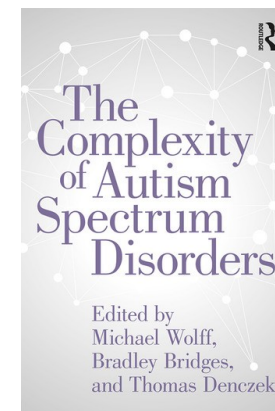

Location:

Your Living Room

Cancellation Policy: "No Shows" are nonrefundable. In the event that a workshop is cancelled, a full refund will be issued.

Dr. Wolff completed his doctoral degree in Clinical Psychology, progressing thereafter through pre and postdoctoral training to specialize in Clinical Neuropsychology. Dr. Wolff has completed specialization in Pediatric Neuropsychology (www.theaapn.org/). He enjoys working with children and families experiencing medical complications and a variety of other factors that may influence their ability to reach their potential. Dr. Wolff has been faculty at Grand Valley State University, Calvin College, and Azusa Pacific University. He has awards for his contributions to the field of psychology and has a history of committee participation through the National Academy of Neuropsychology and the American Psychological Association as a graduate student. He has several professional publications and an extensive professional speaking career. Currently, Michael serves on the board of the Down Syndrome Association of West Michigan, the Autism Support of Kent County Advisory Board, is an advisor to students in pediatric neuropsychology for the American Academy of Pediatric Neuropsychology and is a Professional Advisor for the Epilepsy Association of Michigan

When time permits outside of practice and management demands, Dr. Wolff enjoys fly fishing, camping, hiking, and assisting in nearly any hands-on jobs he can find; whether that be assisting in a horse barn or anything else to get hands-on and dirty. He hails from rural Minnesota, where he enjoyed working on various farms, concrete work, and helping friends and family. He has always enjoyed the outdoors and hopes to find more time to enjoy the fresh air in coming years. He has assisted coaching youth activities and enjoys being a part of the community.

PACETM
Pre-Approved Continuing Education

Agenda May 5, 2021

4:50 p.m. - 4:55p.m.

* Check-In

5:00 p.m. – 6:00 p.m.

* Lecture by Dr. Michael Wolff

6:00 p.m. – 6:30 p.m.

* Q & A from attendees

This training will provide practitioners with an opportunity to examine the complex nature of the experiences of those clients that are on the Autism Spectrum, improving differential diagnosis and examining the role of comorbidities in the client's own experiences, as well as, it's implications for treatment. This training will help practitioners understand the importance of assessing functional abilities for those on the spectrum and, lastly improving delivery of service and client outcomes.

This talk will be useful to practitioners who treat and diagnose people as being on the Autism Spectrum. CRC's, Case Managers, Social Workers, and Psychologists.

This program has been submitted to The Commission for Case Manager Certification for approval to provide board certified case managers with 1.5 clock hours.

This program has been submitted to the Commission on Rehabilitation Counselor Certification to provide CRC's with 1.5 clock hours.

This program has been submitted to the Social Work Continuing Education Collaborative to provide MSW's 1.5 clock hours.
