

Part 2 -Walking/Working Surfaces

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Part 2 - Walking-Working Surfaces is a performance rule set and intended to provide information regarding safety in all places of employment where employees access horizontal and vertical walking-working surfaces. The rules are an adoption of the Federal OSHA's Walking-Working Surface Rules and provides minimum performance guidance for employers to follow where employees use fixed and portable ladders, mobile ladder stands and mobile ladder stand platforms, step bolts and manhole steps, stairways and dockboards, scaffolds and rope decent systems. Emphasis is placed on duty to have fall protection and falling object protection, fall protection and falling object protection criteria and practices, and training requirements.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Discuss employer responsibilities related to Part 2.
- ▶ Review employee responsibilities.
- ▶ Discuss specific rules of established standards.
- ▶ Identify hazards and control methods associated with maintenance and repairs of fixed and portable ladders.
- ▶ Identify construction parameters of systems used for walking and working surfaces, gaining elevation, skylights, and associated protective measures.
- ▶ Provide the student with the ability to navigate standards in order to apply established standards in the workplace.

The meeting site and parking is accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517-284-7720 at least 30 days before the program. The Department of Labor and Economic Opportunity is an equal opportunity employer/program.

New

MIOSHA Education Training Materials Have Gone Electronic

MIOSHA Training Institute (MTI) has changed the delivery of its printed education materials to an electronic format.

The student training manual and course reference materials will be provided in electronic format via email for students to download and print before class if they wish.

No hard copy textbook will be provided at the class. Upon arrival at class, each student will also receive a flash drive containing these materials which is theirs to keep. If you wish to bring a copy to class, you have the option to **download and/or print** the course materials in advance.

Important: When registering for this class, please provide your complete email address.

Remember to download your course handouts ahead of time!

Frequently Asked Questions

Q: Will I be able to print my materials at the seminar or workshop?

A: No printing services will be available. Print or download the presentation slides before you arrive for the class.

Q: What electronic format will the handouts be in?

A: All materials will be available as PDF documents.

Q: Will I be able to charge my device at the seminar or workshop?

A: We recommend that your device is fully charged before you arrive. Charging stations may not be available in the classroom.

Q: What happens if I do not receive an email?

A: In the unlikely event that you do not receive the link via email, please call the contact number listed on the next page for assistance.

Facilitator

Deborah Ziel is a Senior Occupational Safety Consultant who joined the Consultation Education and Training Division of MIOSHA in 2006. Before that, she had over a decade of safety and health experience in private industry. Deborah currently provides consultation and training services for mid-west Michigan.

Before working for the State of Michigan, Deborah was an Environmental Health and Safety Specialist in a private manufacturing facility performing safety and health functions in two Michigan Voluntary Protection Program (MVPP) STAR sites. This included, but was not limited to, injury management and record keeping, program development and implementation, regulatory and best practice training, chemical management program, industrial hygiene coordination, hazard recognition program, and safety team development and facilitation. Deborah is a graduate of Grand Valley State University with a Bachelor of Science degree in Occupational Safety & Health.

Presenters: Deborah Ziel and Chris Johnson, Senior Occupational Safety Consultants; MIOSHA, CET Division
