

Part 2 -Walking/Working Surfaces

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Part 2 - Walking-Working Surfaces is a performance rule set and intended to provide information regarding safety in all places of employment where employees access horizontal and vertical walking-working surfaces. The rules are an adoption of the Federal OSHA's Walking-Working Surface Rules and provides minimum performance guidance for employers to follow where employees use fixed and portable ladders, mobile ladder stands and mobile ladder stand platforms, step bolts and manhole steps, stairways and dockboards, scaffolds and rope decent systems. Emphasis is placed on duty to have fall protection and falling object protection, fall protection and falling object protection criteria and practices, and training requirements.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Discuss employer responsibilities related to Part 2.
- ▶ Review employee responsibilities.
- ▶ Discuss specific rules of established standards.
- ▶ Identify hazards and control methods associated with maintenance and repairs of fixed and portable ladders.
- ▶ Identify construction parameters of systems used for walking and working surfaces, gaining elevation, skylights, and associated protective measures.
- ▶ Provide the student with the ability to navigate standards in order to apply established standards in the workplace.

The meeting site and parking is accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517-284-7720 at least 30 days before the program. The Department of Labor and Economic Opportunity (LEO) is an equal opportunity employer/program.

Facilitator

John Bodnar comes to the CET Division from MIOSHA's General Industry Enforcement Division where he covered Michigan's Upper Peninsula as a Senior Safety Officer. John has a background of over 25 years in Occupational Safety, Health, and Emergency Services and Operations.

Prior to working for MIOSHA, John worked in the private sector as a consultant and trainer to the Natural Gas and Oil Industry. Among many disciplines, his background includes certifications and experiences as an EMT- paramedic, hazardous materials response team - team medic and trainer, confined space technical rescue and response - team medic and trainer. John has been certified as a mine safety and health administration trainer, breath alcohol technician, traffic accident and criminal investigator, OSHA 10 and 30-Hour authorized trainer for General Industry and Construction, and occupational hearing conservationist. John continues to serve the employers and employees of Michigan's Upper Peninsula as a MIOSHA Consultant.

Presenters: John Bodnar and Brian Kellogg, Senior Occupational Safety Consultants; MIOSHA, CET Division
