

# Part 451 - Respiratory Protection

## 1 Who Should Attend . . .

This live online program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

This full-day course was developed to teach participants: the requirements of Part 451, Respiratory Protection (1910.134), the necessary elements of a written respiratory protection program, MIOSHA interpretations of common questions about the Respiratory Protection Standard, and the most common violations associated with the standard. **Virtual classroom with an in-person instructor. This training format can be taken from the office, home, or remotely.**

Required Class For  
Occupational Health  
MTI Certificate

## Agenda

*We offer a flexible program agenda to emphasize the health and safety topics you want most.*

- ▶ Explain permissible practice for respirators.
- ▶ Develop and implement a written respiratory protection program.
- ▶ Identify the correct respirator selection for employee protection.
- ▶ Identify potential respirator violations.

# Facilitator

Aaron Gundrum is an Industrial Hygienist with the Consultation Education and Training Division of MIOSHA. Aaron currently provides consultation and training services for the Upper Peninsula and the northern lower counties of Michigan.

Over the past five years, Aaron was the Senior Safety Compliance Officer with the MIOSHA General Industry Division. Before working with the State of Michigan, he was the Corporate Health and Safety Director at a global paper manufacturing corporation. Aaron has worked in various health and safety roles within multiple business sectors over the past 25 years including; petrochemical, pharmaceutical, and automotive industries. Over the course of his career, he has been responsible for regulatory health and safety management, organizational health and safety training, and operational business excellence.

Aaron is a graduate of Michigan Technological University with a Bachelor's of Science degree in Environmental Engineering and a Master's of Science degree in Industrial Health from the University of Michigan.
