

1 Who Should Attend . . .

This live online course is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This program is designed for general industry participants, (maintenance, safety and health professionals, and management personnel). This course familiarizes the participant with various types of common machinery and the related safety hazards. The course enables participants to recognize hazards such as those created by nip points pinch points, points of operations, and rotating or reciprocating parts, while providing options for achieving regulatory compliance. **Virtual classroom with an in-person instructor. This training format can be taken from the office, home, or remotely.**

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Identify common hazards found in industry.
- ▶ Participants will be able to conduct self-inspections and identify safety or health hazards in the workplace.
- ▶ Discuss best practices for employee protection from recognized hazards.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Augustine Syrový joined MIOSHA in 2018. He serves in the Consultation Education and Training Division as an occupational safety advisor and consultant to businesses, industry, unions, employee groups, schools, colleges, municipalities, counties, and other state agencies. He assists these groups in collecting, organizing and reviewing information in workplaces to determine what types of occupational hazards may be present and likely to affect workers. He works with management and employees alike to prevent, control and eliminate known or potential hazards. In addition, Augustine develops and delivers occupational safety training seminars to his constituents. He covers Washtenaw, Jackson, Eaton, Ingham, Livingston and southwest Oakland counties.

Prior to joining MIOSHA, Augustine was a fire service Captain and member of a county technical rescue team which responded to high angle rope, confined space, trench and structural collapse rescues. He has a Bachelor of Applied Science in Fire Technology from Siena Heights University.

Presenters: Augustine Syrový, Occupational Safety Consultant and Deborah Ziel, Senior Occupational Safety Consultant; MIOSHA, CET Division
